

## **2215 - Curriculum/Program Review, Revision, and Evaluation**

The Superintendent shall provide to the Board by the end of June each year an updated five-year schedule of projected curriculum and program review, revision and evaluation.

The process for such review, revision and evaluation shall be described in the accompanying regulation.

In early November and March of each year, the Superintendent shall update the Board on the progress of the ongoing curriculum and/or program activities identified above.

By no later than the end of January, the Superintendent shall identify to the Board anticipated costs associated with such activities so that funding can be determined for the next year's budget.

Adopted: 27 April 1998
