School Accountability Report Card

Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

The mission of Redondo Shores is to provide opportunities for ALL students to achieve their academic and career aspirations, and become successful and productive citizens. Our students are encouraged to tackle current and future challenges and to develop social and global awareness, civic responsibility, and personal growth so they will be active and informed members in the 21st century and beyond. Redondo Shores High School (Shores), located in south Redondo Beach, is a continuation high school serving the communities of Redondo Beach. The school itself has been in existence since the fall of 1993 and moved into a new school facility during the summer of 1999. The campus overlooks the Redondo Union High School (RUHS) baseball field to the south and the main RUHS campus to the west. Shores was recognized as a Model Continuation High School for the fifth time in 2016.

Shores serves high school students ages 16-18 who have not been successful in the traditional high school setting. Students are referred to Redondo Shores for a variety of reasons. Data indicates that the most common reasons are poor attendance and failure to do homework, resulting in failing grades and credit deficiencies. Data also indicates that 95% of the students and parents agreed to a voluntary transfer. Although enrollment is ongoing and changes frequently, Shores can accommodate up to 110 students. The curriculum is aligned with the California Core State Standards and the core courses meet A-G eligibility requirements. The school serves mainly junior and senior high school students, and each student attends at least three classes (most attend 4-5) for the state required 180 instructional minutes. A dedicated and conscientious Shores' staff consists of four credentialed general-education teachers, one Special Education teacher, a school psychologist, a credentialed counselor, and a principal who supervises all alternative education programs in RBUSD, including: Shores; the Independent Study Program, and the Redondo Beach Learning Academy Community Day School. All core teachers at Redondo Shores are fully credentialed or certificated in their assigned teaching assignments. The classified staff consists of a school administrative assistant, a Special Education instructional aide, a campus safety assistant, a school registrar, and a custodian. The Shores curriculum parallels that of the traditional high school from which most of its students matriculate. While utilizing California Core State Standards, student interests, abilities, and learning styles are accommodated. Most students come to Shores credit deficient, and students make up credit through a blend of direct instruction, cooperative learning, and independent work. Student Learning Outcomes (ESLR's) drive teaching and learning. In addition to achieving competency in basic skills, every student will be challenged to become:

SELF-DIRECTED

- After meeting graduation requirements, students will explore educational opportunities after high school
- Apply standards based learned concepts to everyday situations

HEALTHY

- Demonstrate a sense of personal and social responsibility through positive decision-making
- Demonstrate awareness of a healthy lifestyle
- Learn the importance of not only intelligence, but character as well

OPTIMISTIC

- Establish a positive outlook towards school and career goals
- Exercise their rights and privileges of citizenship

RESPONSIBLE

- High attendance rates
- Prioritize, monitor, and evaluate progress towards goals and objectives
- Peacefully resolve conflicts
- Work effectively with others

EFFECTIVE

- Establish and apply criteria to support judgments and opinions
- Work in collaborative groups to achieve common goals

STUDENTS

- Demonstrate critical thinking skills in reading, writing, math, and technology and apply them in all subject areas
- Make decisions based on an examination of the situation and the alternatives
- Generate new ideas, processes, and products
- Read, write, speak, and listen with organization, focus, and coherence

Small classes with a low ratio of students to teachers (15:1) promote a creative and structured learning environment. Credit recovery is the highest priority. Academic success is greatly enhanced by providing a plethora of credit opportunities, including, but not limited to, take home classes, and coursework earned at the Southern California Regional Occupational Center. Academic achievement is monitored regularly by the school counselor, who, upon completion of classes, records the credit earned on the graduation check sheet for students in their individual folders. Students have the advantage of entering Redondo Shores HS at any time during the school year based on referrals from other programs and to exit at any time when sufficient credits have been obtained to graduate. All students who have completed the graduation requirements during the year are invited back in June to participate in our graduation ceremony.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	31	21	73	73	48	48
Mathematics (grades 3-8 and 11)	3	3	61	65	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	36	29	80.56	20.69
Male	19	18	94.74	11.11
Female	17	11	64.71	36.36

Two or More Races	--	--	--	--
Socioeconomically Disadvantaged	13	10	76.92	30
English Learners	--	--	--	--
Students with Disabilities	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group
Grades Three through Eight and Grade Eleven (School Year 2016-17)**

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students
Grades Five, Eight, and Ten**

Subject	Percent of Students Scoring at Proficient or Advanced					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
Science (grades 5, 8, and 10)	--	33	79	81	56	54

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Career Technical Education Programs (School Year 2016-17)

Academic success is greatly enhanced by providing a plethora of credit opportunities, including, but not limited to coursework earned at the Southern California Regional Occupational Center, Service Learning and /or Work Experience/Work Ability. Approximately 15% of Redondo Shores’ students participated in these programs last year.

Courses for University of California (UC) and/or California State University (CSU) Admission

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parents are encouraged to become involved in their child’s experience at RSHS. Parents participate in all intake and transition meetings, student-parent conferences, Back to School Night, and parent workshops held throughout the year. The principal, teachers, and counselor communicate with parents through frequent phone, email, and written correspondence to provide them with current information regarding student achievement and progress. Parents are also encouraged to be part of the school community by having opportunities to serve as School Site Council members, focus group participants, becoming committee members and providing input from parent surveys.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

School Safety Plan (School Year 2017-18)

The Redondo Beach Unified School District has developed Comprehensive School Safety Plans and coordinated school crisis response procedures in partnership with law enforcement and emergency response organizations. The comprehensive School Safety Plans meet the requirements of the annual Safety Plan Process under California SB 187. As stated in SB187, school safety plans are updated annually with participation from staff and additional stakeholders in a School Site Council.

District schools have also developed a "Grab and Go" guide to supplement the Comprehensive School Safety Plans. The Grab and Go guide details teacher and staff procedures in an actual emergency, in addition to site emergency response teams.

Types of Services Funded (Fiscal Year 2016-17)

Redondo Shores' provides program and supplemental services funded through LCFF Base Funding and LCFF Supplemental Funding. Funding was used to meet the identified needs and goals enumerated in the school's annual plan. The school's goals are to improve attendance, increase graduation rates, improve the social, emotional well-being of the whole child and increase the number of students eligible for college. Specific programs provide incentives for attendance, course completion and demonstrated personal responsibility. Drug diversion and education programs, as well and improved access to technology and online curriculum are also supported.

Professional Development (Most Recent Three Years)

The Redondo Beach Unified School District is focusing staff professional development (PD) in three main areas: effective instructional strategies aligned to Common Core State Standards (CCSS) at school sites; use of technology in instruction; and the implementation of Positive Behavioral Intervention and Supports (PBIS) in all schools. While the current PD does focus on instruction and curriculum in mathematics and English Language Arts (ELA), the RBUSD is also developing PD for the Next Generation Science Standards (NGSS) and social science standards.

The RBUSD is engaged in a multi-layered approach to delivering PD. The District provides PD through: teacher release time; conference attendance; one-day workshops; mentoring; and after-school, "early out" days. The elementary schools utilize weekly collaborative planning time through the implementation of a School Instructional Leadership Team and grade level leads.

The use of student data is critical to better assess and support individual student development. The District provides training on our student data management, Illuminate Education, to analyze individual and aggregate student progress. Elementary teachers and secondary math teachers utilize the Tenmarks math program both to assign and assess student performance. All of the above teachers have had PD training on the Tenmarks program.

Internal PD offerings are supplemented by partnering with external professional development organizations, including universities such as LMU and UCLA. Our partners advise on the District's program development and provide PD for teachers and administration on instructional programs for all students.

The District is designing a teacher coaching model in concert with the Redondo Beach Teachers Association to mentor teacher development in: differentiating instruction; developing CCSS aligned lesson plans; as well as English Language Development aligned instruction strategies to better support our English Learner student population.

Our new teachers are supported at school sites and at the District level through the Beginning Teacher Support and Assessments (BTSA) Program where each new teacher is mentored by a BT SA support provider. By working within BTSA, a new teacher receives support and resources to improve their teaching pedagogy.

Through the collective bargaining process, additional paid professional development days have been added to the teacher work calendar (1 additional day in 2015-2016, 2 additional days in 2016-2017 and 2017-2018).
