January 2017

Dear Parent or Guardian:

We are pleased to attach a copy of the Green Meadows School Report Card. It contains information about school and district accountability, achievement, our students and teachers, and other important measures of school performance.

The first page of the report card contains important accountability information:

- Accountability and Assistance Levels: Schools and districts are placed into one of five accountability and assistance levels (1-5), with the highest rating being Level 1 and lowest rating being Level 5. Our school has been placed into "No Level" because students in our school participated in the 2017 Next-Generation MCAS tests.

The first page of the report card also shows how students in our school are performing on the Massachusetts Comprehensive Assessment System (MCAS) tests. Achievement and progress information is reported for our school and is also compared to the performance of our district and the state.

The second page of the report card provides information about the students and teachers in our school as compared to the district and the state. Also included are other important measures of school performance, such as attendance, suspension rates, and high school performance. To improve student performance in our school, we are supporting the growth of teacher practice through high quality professional learning, investing in critical student resources for teaching and learning as well as using data to inform instruction and support the needs of our students. We encourage you to become involved in helping us improve our school. Some of the ways you can become involved are:

- Encouraging your child's learning at home
- Attending parent-teacher meetings and other special meetings
- Serving as a volunteer in our school or district
- Encouraging other parents to become involved

Finally, if your child attends a school that receives federal Title I funds, you also have the right to request the following information about the qualifications of your child's classroom teachers:

- Whether your child's teacher is licensed in the grade levels and subject areas they teach
- Whether your child's teacher is teaching under an emergency license or waiver

- The college degree and major of your child's teacher
- Whether your child is provided services by paraprofessionals and, if so, their qualifications

For more information about what we are doing to improve student achievement or to request information about the qualifications of your child's classroom teachers, please feel free to contact us at Green Meadows Elementary School, 413-566-3263. How is our school doing overall?

Accountability and assistance levels		School percentile
Our school	No level Students in this school participated in 2017 Next Generation MCAS tests	School percentiles (1-99) indicate how a school is performing overall compared to other schools that serve the same or similar grades. Our school's percentile is below.
Our district	No level Students in grades 3-8 participated in 2017 Next Generation MCAS tests	
Most schools are assigned a level from 1-5, with those meeting their proficiency gap-narrowing goals in Level 1 and the lowest performing in Levels 4 and 5. A district is typically assigned a level based on the level of its lowest performing school. Placing schools and districts into levels helps districts know which schools need more support, and helps the state know which districts need the most assistance. More information is available here: http://www.mass.gov/ese/accountability .		Overall progress in narrowing gaps Massachusetts aims to reduce proficiency gaps by half between 2011 and 2017.
		All students - High needs students - Economically disadvantaged - Students with disabilities - English language learners & former ELLs -

How does our school's achievement over time compare to the district and the state?

Legacy MCAS (CPI)

The Composite Performance Index (CPI) is a number from 1-100 that represents the extent to which all students are progressing toward proficiency in a given subject. When all students demonstrate proficiency on MCAS and/or PARCC tests, the CPI will be 100. Our school's CPIs for 2014-2017 are below.

How does our school's growth compare to the district and the state?

Transitional Student Growth Percentiles (SGPs) measure gains in student achievement from year to year. SGPs between 40 and 60 represent moderate growth. Our school's median SGPs for 2017 are below. (Note: Growth values are truncated.)
