

Track What Matters Most

West Clark Community Schools is proud to announce a new school bus tracking program for parents. We've partnered with Motus Tracking Solutions to provide the parents of our student's real-time bus tracking that can be accessed via a PC or smartphone. We see this as a cutting edge solution that will provide parents an extra level of comfort and help simplify their daily routines.

By following the steps below you'll soon be able to know when your child's bus is about to arrive at your home and when it has returned in the afternoon. This is accomplished this by a simple text message to your phone just before the bus arrives. In addition to receiving the text alert you will also be able to view your bus in real-time on your smartphone or computer.

Steps on how to Sign-Up.
