2017/2018 Course Registration Instructions – SENIORS

✍ If you have failed a class and need to re-take this class, please include this class on your Courses Requested worksheet. Be sure to either print or view your transcript online to ensure scheduling the correct courses.

✍ Most advanced courses require pre-requisites. Please check the courses marked with an asterisk on the reverse side of this sheet. Check the course description in the Course Description Handbook to determine the pre-requisites. If the course requires teacher approval, please see that teacher to get his/her initials on the form prior to registration for the course.

✍ After you and your parents have decided on your courses (you should have completed the worksheet and received any approval needed), have a parent sign the worksheet and hand it in to the counseling office on or before **March 15, 2017**.

✍ The master course schedule and teachers hired are assigned according to student requests. **Therefore, students WILL NOT be allowed to change classes once they've registered except for extenuating circumstances, such as: Medical exemptions, change in marital status, failure in a pre-requisite class, teacher recommendation to move to a more or less advanced class, changes in a student's IEP, master schedule changes which require a student schedule change. Changes will not be made for teacher and/or time of day preferences.**

✍ ALL lines must be completed for a full seven-period day. Include two alternate courses in the event requests cannot be satisfied.
