

# BUILDING FUTURES AT E.C.T.E.C.

---

Over twelve weeks ago, your child took the next step in **'building'** their future at the Eunice Career & Technical Education Center (E.C.T.E.C.)

From Health Sciences to Welding, Auto Mechanics to Carpentry and Culinary Arts, the teachers at E.C.T.E.C. have been delighted to share their talents and skills in order to show your child all that is possible through hard work, dedication and perseverance!

The faculty, staff and students of the Eunice Career & Technical Education Center are excited to welcome parents and families to the Parent Teacher Conference scheduled for **Monday, November 7<sup>th</sup>, 2016** from **12:00 p.m. until 7:00 p.m.**

Faculty members will be present to speak with you regarding your student's progress. You can also view the amazing projects that we have been working on all the while encouraging your child to begin planning their future career. **Your support is imperative in order to maintain the momentum that will lead them to a successful future.**

Students who attend will receive a one hour credit toward any unexcused absence based on the amount of time spent on campus. For example, if a student missed a three-hour class and needs to have the absence excused, then he/she must be present this date for three hours.

We look forward to meeting you and showcasing all that E.C.T.E.C. has to offer!

Sincerely,

Lisa T. Fuselier  
ECTEC Facilitator
