### 901 State Programs – Allotments

State Program allotments are estimated and paid to school districts through a Summary of Finance template created by the Texas Education Agency. The actual state allotments are calculated as noted below in each respective section. A settle-up process occurs at the end of each fiscal year – funds owed to a district are paid by TEA and funds owed by a district are paid to TEA (or TEA reduces the following fiscal year funds by the amount owed to the state).

A percentage of each state allotment must be spent on “direct” expenditures for the given special program. The current percentages and program intent code (PIC) are noted below by program:

▪ <b>Special Education</b>	<b>52%</b>	<b>PIC 23</b>
▪ <b>Career &amp; Technical Education</b>	<b>58%</b>	<b>PIC 22</b>
▪ <b>Gifted &amp; Talented Education</b>	<b>55%</b>	<b>PIC 21</b>
▪ <b>State Compensatory Education (SCE)</b>	<b>52%</b>	<b>PIC 24-30 (except 25&amp; 27)</b>
▪ <b>Bilingual/ESL Education</b>	<b>52%</b>	<b>PIC 25</b>

During the budget process, the estimated state allotment shall be calculated by Business Manager based on prior year special program enrollment and average daily attendance (ADA). The estimated state

allotment by special program shall be provided to the Special Program Administrator(s) as noted below. These special program administrators shall be responsible for the programmatic compliance in their respective program(s). Programmatic compliance shall include, but not limited to: program eligibility, program design, instructional delivery, entry/exit procedures, professional development, certification, and supplement/supplant issues.

- |   |                                   |
|---|-----------------------------------|
| ▪ <b>Special Education</b>                  | <b>Special Education Director</b> |
| ▪ <b>Career &amp; Technical Education</b>   | <b>CTE Director</b>               |
| ▪ <b>Gifted &amp; Talented Education</b>    | <b>Secondary Director</b>         |
| ▪ <b>State Compensatory Education (SCE)</b> | <b>Business Manager</b>           |

Throughout the fiscal year and at the end of the fiscal year, the Business Manager, shall calculate the periodic and final spent percentages for each special program. The allocated expenditures by program intent code (PIC) shall be used to determine compliance. In the event that direct expenditures fall below the mandated percentages, the Special Program Managers shall ensure that the deficit amount is budgeted in the following fiscal year.

The mandated program intent codes (as defined in the FASRG) are classified as Basic or Enhanced. The PICs in these classifications for regular and special program allotments are noted below:

Basic Services – PIC 1X

- PIC 11                      Basic Educational Services

Enhanced Services – PIC 2X – 3X

- PIC 21                      Gifted & Talented
- PIC 22                      Career & Technical Education
- PIC 23                      Special Education

- PIC 24 Accelerated Education (State Compensatory Education)
- PIC 25 Bilingual and ESL Education
- PIC 26 Non-Disciplinary Alternative Education Program
- PIC 28 Disciplinary Alternative Education Program – Basic
- PIC 29 Disciplinary Alternative Education Program – SCE Supplemental
- PIC 30 Title I, Part A Schoolwide Activities related to SCE (Campuses with 40% or more educationally disadvantaged students)
- PIC 31 High School Allotment
- PIC 32 Pre-K
- PIC 33 PK-Sp-Ed
- PIC 34 Pre-K COMPED
- PIC 35 Pre-K BIL-ED

If the “intent” of particular course or program is one of the Enhanced Services, the appropriate PIC shall be used for the expenditures even if an incidental student(s) benefit from the program. For example, the salary of a Bilingual Instructional Aide should be paid 100% from PIC 25, if the intent of his/her position is to support Bilingual students even though 1 or 2 non-Bilingual students also benefit from a small group instructional setting.

At the beginning of each school year, the salaries of all staff should be determined based on their position and assignment. Specifically, we need to know the following:

- What the employee will do? Determines the function code
- Where the employee will work? Determines the organization code (may be split)
- Who will benefit? Determines the population served or PIC (may be split)

Determining the correct payroll account distribution code(s) is critical to ensure that all payroll costs are expensed in the correct account code(s). This is extremely important for staff assigned on a partial or full time basis to support a special program. Only the payroll costs for services whose intent is to serve one or more special program may be charged to the special program PIC.

By March, each school year, the Campus Principals shall prepare a [Staff FTEs](#) report that is based on the campus Master Schedule. The [Staff FTE](#) report shall reflect the names of all staff, the position, and the assignment(s) by PIC code. For example, a teacher that teaches 4 special education classes and 4 career and technical education courses, should have .5 FTEs in PIC 23 and .5 FTEs in PIC 22. [Note. The master schedule shall reflect the teaching assignment for all teachers and every course section shall reflect the “intent”, or population served code. The population served codes ([PEIMS Population Served Code Table 030](#)) and program intent codes are correlated below:

▪ Population Served Code 04	PIC 21	Gifted & Talented
▪ Population Served Code 05	PIC 22	Career & Technical Education
▪ Population Served Code 06	PIC 23	Special Education
▪ Population Served Code 03	PIC 24	Accelerated Education (State Compensatory Education)
▪ Population Served Code 02	PIC 25	Bilingual Education
▪ Population Served Code 07	PIC 25	ESL Education
▪ Population Served Code 03	PIC 26	Non-Disciplinary Alternative Education Program
▪ Population Served Code 03	PIC 28	Disciplinary Alternative Education Program – Basic
▪ Population Served Code 03	PIC 29	Disciplinary Alternative Education Program – SCE Supplemental
▪ Population Served Code 03	PIC 30	Title I, Part A Schoolwide Activities related to SCE (Campuses with 40% or more educationally disadvantaged students)
▪ Population Served Code 03	PIC 32	Pre-K
▪ Population Served Code 06	PIC 33	Pre-K SP-ED
▪ Population Served Code 03	PIC 34	Pre-K COMPED
▪ Population Served Code 02	PIC 35	Pre-K BIL-ED

All staff assigned to support all students, not specifically served in a special program, shall be coded as basic population served (01) and the basic program intent code (11).

Special Program Administrators shall also submit a [Staff FTE](#) report for non-campus administrative staff by July 1, after the submission of the grant application. The PIC codes for the non-campus staff shall reflect what they do, where they are assigned to work, and the special program(s) that they support.

The [Staff FTEs](#) reports shall be submitted to the Special Programs Administrator no later than the deadline of July 31 at the beginning of each fiscal year. The Special Programs Administrator shall verify the Staff FTEs and ensure that funds are budgeted in the appropriate payroll account codes. Budget changes and/or amendments, if any, shall be prepared by the accountant. [Note. The minimum spend percentages shall be verified again to ensure that the budgeted amount by PIC still meets or exceeds the minimum spend percentage by special program.]

After approval of the Staff FTEs reports, the Special Programs Administrator shall submit the Staff FTEs to the payroll department for the purpose of updating the payroll distribution record(s) of each district employee.

Campus Principals and Special Program Administrators shall be responsible to ensure that any changes to staff assignments are submitted to the Human Resource Director within five (5) days of the assignment change if the change/s apply to a federal funded staff a copy of the change must be sent to grant administrator. The prior process of verifying the FTEs/account codes, approval of the FTE report, and submission of the reports to the payroll department shall occur upon the receipt of assignment

changes. The PEIMS Clerk will provide a report to each Special Program Administrator for the purpose of verifying the accuracy of the report at least one time each semester during the academic school year.

### **901.1 Gifted and Talented**

The Gifted and Talented program must adhere to state law, Texas Education Code (TEC) 29.121 and TEC 42.156. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 42 addresses the funding weight(s) and allowable costs.

Specifically, each school district shall identify students eligible for the GT program and serve the students in an appropriate manner to obtain state funds. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook ([SAAH](#)). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The Special Program Administrator with oversight responsibility to certify the Gifted & Talented special program data prior to submission to TEA shall be the GT Director.

### **901.2 Career and Technical Education (CTE)**

The Career and Technical Education program must adhere to state law, Texas Education Code (TEC) 29.181 and TEC 42.154. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 42 addresses the funding weight(s) and allowable costs.

Specifically, each school district shall identify students eligible for the Special Education program and serve the students in an appropriate manner to obtain state funds. The student's Individualized

Education Plan (IEP) shall serve as the official document to support that each student is eligible for special education, the type of instructional arrangement, and the number of contact hours to be served in a special education setting. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook ([SAAH](#)). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

#### **901.4 Compensatory Education (SCE)**

The Compensatory Education program must adhere to state law, Texas Education Code (TEC) 29.081 and TEC 42152. Chapter 29 addresses the programmatic guidelines related to eligibility, “at risk” identification, and program services. Chapter 42 addresses the funding formula and allowable costs. The SCE program is funded based on the highest six (6) months of free and reduced lunch eligibility students in the prior school year. The Director of Child Nutrition shall provide the monthly counts of free and reduced lunch eligibility to the finance department, Business Manager, on a monthly basis for the purposes of estimating SCE funds in the next fiscal year.

Specifically, each school district shall identify students eligible for the Compensatory Education program and serve the students in an appropriate manner to obtain state funds. There are thirteen (13) at risk indicators in state law. The Principal at each campus shall be responsible for identification of all at risk students. The at-risk student enrollment shall be reported to TEA through the PEIMS Fall Submission.

The SCE program compliance is unlike the other special programs in that it requires specific documentation as outlined in the Financial Accounting System Resource Guide ([FASRG](#)) Module 9. The District Improvement Plan (DIP) and Campus Improvement Plans (CIP) are the primary source of documentation for the expenditure of SCE funds. According to TEA, annually within 150 days after the last permissible day (Mid-July) to send data for the PEIMS data FINAL Midyear resubmission 2. The District shall electronically submit a PDF version of the DIP and at least two (2) CIPs through the TEASE system. The determination regarding which CIPs to submit to TEA shall be based on the TEA guidelines in the FASRG, Module 9.1.2 Summary of Filing Requirements. The District’s submission dates shall be as noted below to ensure compliance with this critical requirement.

- Campus Principals shall submit their CIPs to PEIMS Coordinator or upload to DMAC by the first week of October.
- Superintendent or designee shall submit the DIP to PEIMS Coordinator or upload to DMAC by the first week of October.

- The PEIMS Coordinator shall submit the DIP and CIPs through TEASE by Mid – July.
- If required by the state, the PEIMS Coordinator shall submit the SCE evaluation by Mid-July.

Financial guidelines related to supplement not supplant, targeted-assistance versus school-wide campus expenditures, staffing formulas, job descriptions, time and effort, student case counts, local identification criteria and allowable costs are described in [Module 9 State Compensatory Education](#).

### **901.5 Bilingual and ESL**

The Bilingual and ESL program must adhere to state law, Texas Education Code (TEC) 29.053 and TEC 42.153. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 42 addresses the funding weight(s) and allowable costs.

All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook ([SAAH](#)). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The Special Program Administrator with oversight responsibility to certify the Bilingual and ESL special program data prior to submission to TEA shall be the Bilingual/ESL Director.

### **901.6 High School Allotment**

The use of the High School Allotment must adhere to state law, Texas Education Code (TEC) 39.234 and TEC 42.160. Chapter 39 addresses the programmatic guidelines related to program services. Chapter 42 addresses the funding weight(s) and allowable costs. Funding amounts are based on \$275 per student in average daily attendance in grades 9 through 12.

Districts may use funds for campus-level or district-wide initiatives for students in grades 6-12. Allowable uses include:

- professional development for teachers providing instruction in advanced academic courses such as Advanced Placement (AP)
- hiring of additional teachers to allow for smaller class sizes in critical content areas
- fees for students taking dual credit classes and ACT/SAT tests
- academic support, such as AVID and AP strategies, to support at-risk students in challenging courses
- credit recovery programs
- activities supporting college readiness and awareness, including transportation for college visits

Please see [Commissioner's Rules Concerning High School Allotment](#) for detailed allowable uses of these funds. The [High School Allotment Guide](#) is also an excellent resource and shall be made available to all campus principals as a guide during the budget development process.

The Special Program Administrator with oversight responsibility of the High School Allotment program shall determine the allocation per campus and provide guidance to each secondary campus regarding the use of the HSA funds.

## 902 Federal Grants

Acronyms and definitions related to federal grant management are listed in the EDGAR, Subpart A, 200.1 through 200.99 and may be accessed at: <http://www.ecfr.gov/cgi-bin/text-idx?SID=bce3e6e14adb00a7863cc39935f3e35e&node=sg2.1.200.a.sg0&rgn=div7>

These acronyms and definitions are used throughout this manual. One of the most critical definitions is that of a “non-federal entity”. When this definition is used it refers to the “school district”, as a recipient of a federal grant award.

### General Provisions:

The District shall comply with all General Provisions of EDGAR (Subpart B). Specific areas of compliance are noted below:

1. The District has established a conflict of interest policy for all federal grant awards and shall disclose in writing any potential conflict of interest to the granting agency. The same [conflict of interest questionnaire](#) that is used for other district functions shall be utilized for compliance with this provision. The [Local Government Officer Conflicts Disclosure](#) Statement shall be completed by all district staff involved in federal grant awards: Superintendent, Finance Department, Human Resources, and Grant Manager. Conflicts of interest, if any are reported, shall be posted on the district’s website and reported to the granting agency. The CFO shall be responsible for overseeing and collecting the conflict of interest questionnaires.
2. The district shall comply with all additional conflict of interest requirements required by the federal granting agency and/or the pass-through entity (TEA).
3. The District shall disclose in writing to the granting agency and/or pass-through entities any violations of federal criminal law including fraud, bribery or gratuity violations affecting a federal grant award. Upon detection of any fraud, abuse or waste with federal grant funds, the District shall promptly notify the proper legal authorities and pursue appropriate criminal and/or civil actions. In addition, the district shall report to the granting agency and pass-through entity, the extent of the fraud or violations. In addition, the District shall reclassify fraudulent expenditures made with federal grant awards to local district funds, i.e. the General Fund. The CFO shall be

responsible for overseeing, reporting and documenting any fraud, abuse or waste of federal grant funds.

All district employees are prohibited from soliciting gifts or tokens from vendors or other parties who are affected by (or have an interest in) a federal grant award.

In addition, all district employees are prohibited from accepting unsolicited gifts or tokens from vendors or other parties who are affected by (or have an interest in) a federal grant award that exceed an nominal (individual) value of \$ 25.00 and an aggregate value of \$ 100.00 in a fiscal year. The unsolicited gifts or tokens may not include items prohibited at a public elementary and secondary schools such as drugs, tobacco or alcohol products.

District employees who violate this administrative directive shall be subject to disciplinary action, up to and including termination of employment with the district. Violations that exceed the federal [Conflict of Interest](#) thresholds shall be reported to the federal granting agency and/or pass-through entity by the Superintendent.

#### **Pre-Federal Award Requirements:**

The federal awarding agency and pass-through entities are required to evaluate the risk of the District in respect to financial stability, quality of management system, history of performance (grants), audit reports and ability to effectively implement the grant program.

The District shall implement strategies as noted below to ensure that its risk level for federal grants management is determined to be “low”:

1. Timely submission of all required programmatic and financial reports
2. Complying with the federal grant award fiscal guidelines and allowable cost principles
3. Ensuring that all grant-related staff are properly trained in their respective grants management role on at least an annual basis.
4. Implementing grant management procedures and internal controls
5. Conduct a comprehensive needs assessment and planning process at the district level and at all school wide campuses.

If the District is determined to be a “high risk” district, it shall comply with all of the additional requirements as imposed by the federal granting agency and/or pass-through entity. In addition, the District shall develop and implement strategies to correct the identified deficiencies in an effort to move to a “low risk” entity status.

No pre-award expenses shall be made by the District prior to the approval of the federal granting agency or pass-through entity. Non-authorized pre-award expenses, if any, shall be paid from local District funds, i.e. the General Fund.

## **902.1 Grant Application Process**

The district may be eligible to apply for “entitlement” or “competitive” federal grant funds.

Federal entitlement grant funds include, but are not limited to, No Child Left Behind (NCLB), Individuals with Disabilities Education Act (IDEA), and Carl D. Perkins. The “maximum” and/or “final” entitlement awards for the district are posted on the TEA Grants Management webpage at: <http://tea.texas.gov/index4.aspx?id=5040>. The appropriate grant manager shall obtain the annual entitlement amounts and begin the grant development process with the appropriate stakeholders.

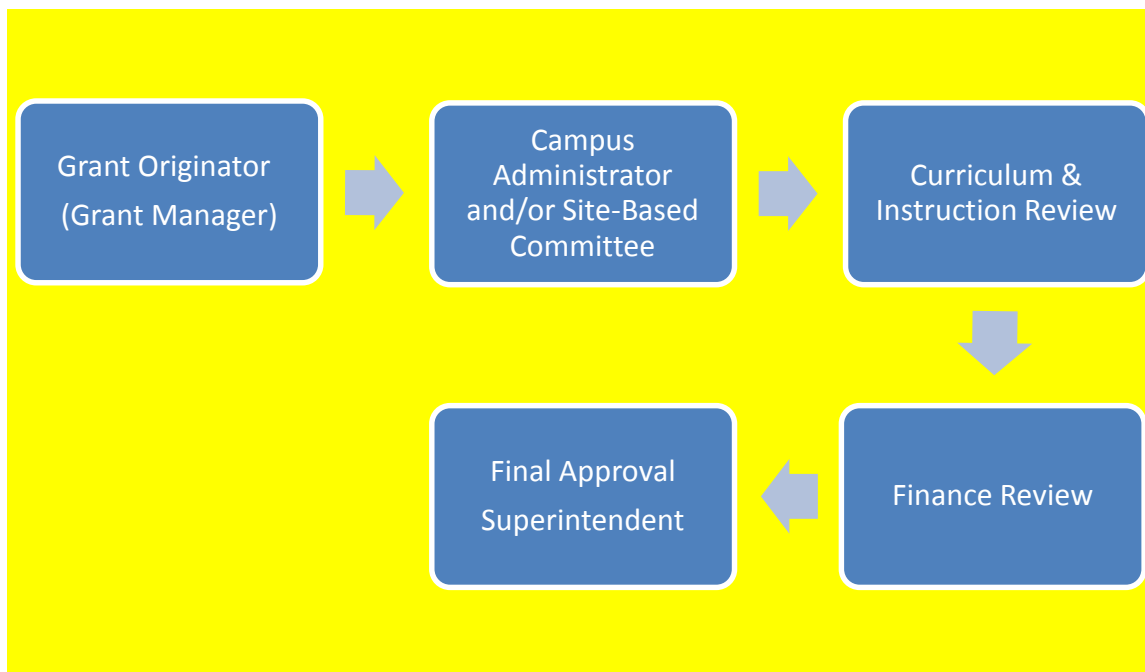

A list of competitive grants administered by the TEA are also posted on the TEA Grants Management webpage at: <http://tea.texas.gov/index2.aspx?id=2147487872>. The appropriate grant manager shall obtain the competitive grant information to determine whether the grant(s) is appropriate for the district. Some competitive grants may have matching-funds and/or in-kind payment requirements which may place a burden on the district’s available financial resources.

TEA’s Grant Opportunities webpage provides a wealth of information related to available grants such as: <http://burluson.tea.state.tx.us/GrantOpportunities/forms/GrantProgramSearch.aspx>

- **General and Fiscal Guidelines**
- **Program Guidelines**
- **Program-Specific Provisions and Assurances**
- **General Provisions and Assurances**
- **Debarment and Suspension Certification**
- **Lobbying Certification**
- **Sample Application**
- **Deadlines and Due Dates for: grant application, amendments and grant reporting.**

All district staff involved in the management of federal grant awards shall be aware of these resources.

The school district’s grant application process for federal grants is illustrated below on a flowchart. As noted on the flowchart, all grant applications must be reviewed by the finance department, curriculum department and grants management department. In addition, all grant applications that will support student instruction at one or more campuses, must be developed in collaboration with the respective campus principal(s). Specific grant activities to support the academic program at a campus should be reflected in the Campus Improvement Plan.

The final approval of a grant application shall be the Superintendent.

The Grants Manager shall work collaboratively with the finance department to ensure that all grant budget schedules are completed using the correct account code structure (as appropriate); the district's purchasing, travel and other procedures; and are adequately documented if prior approval is required by the granting agency or pass-through entity (TEA).

The Grants Manager shall obtain pre-approval for the following activities which have been identified by the granting agency or pass-through entity (TEA);

- Student field trips
- Hosting conferences
- Out-of-state travel

Grants that require matching or in-kind district contributions shall be evaluated for overall impact on the current and future district's local funds.

No federal grant funds shall be budgeted, encumbered, or spent until either of the following has occurred:

- grant has been approved by the granting agency and a Notice of Grant Award (NOGA) has been issued to the district; or
- the entitlement grant has been received by the district and the grant application has been submitted to TEA

[NOTE: TEA allows federal grant expenditures from the grant application “stamp-in date”; however, expenditures that require TEA’s specific approval are not approved until the NOGA is issued.]

The grant manager shall submit the upcoming fiscal year budget one week after the submission of the grant.

The finance department shall notify the grants management department when the funds have been budgeted and are ready for expenditure by the appropriate campus or department.

## **902.2 General Provisions and Assurances**

General Provisions and Assurances apply to all grants administered by TEA. Additional provisions and assurances may apply to specific grants. The grants management department shall inform all staff involved in the expenditure of grant funds of the provisions and assurances for each grant program, as appropriate.

### **902.21 Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion**

The district must not award a contract to a vendor which is debarred or suspended or is otherwise excluded from or ineligible for participation in federal grant award programs.

The finance department [purchasing] shall verify the eligibility of each vendor with this certification requirement by requesting that the vendor execute a Certification Form before awarding a contract and/or issuing a purchase order. A copy of the Certification Form shall be maintained with the contract and/or purchase order for audit purposes.

The finance department [purchasing] shall monitor ongoing contracts to verify the contractor’s compliance with the debarment, suspension, ineligibility and voluntary exclusion provisions. In the event that a vendor is suspended or debarred during a contract, the district shall continue the contract in force until the contract lapses. The contract term shall not include any extensions to the original term of the contract.

### **902.22 Lobbying Certification**

For all federal grants in excess of \$100,000, the district shall certify on the grant application that no federal grant funds are expended for the purpose of lobbying. The grants management and finance departments shall jointly execute a Lobbying Certification Form [Standard Form – LLL: Disclosure of

Lobbying Activities], as applicable, if the district used funds other than federal grant funds for lobbying activities.

The grant manager shall ensure that all contract award documents with federal grant funds contain the appropriate lobbying certification language.

### **902.3 Budgeting Grant Funds**

The finance department shall budget grant funds in the appropriate fund code as authorized by Financial Accountability System Resource Guide, or the granting agency, as appropriate. In addition, the object expenditure codes noted on the grant application shall be consistent with the budgeted account codes.

Federal grant funds shall be budgeted and available for use no later than 1 week after the stamp-in date.

For example, if the grant application included \$2,000 for “6219 Professional Services”, the budget shall include an appropriation for Professional Services in object code 6219. However, if the intent was to expend funds to pay a Math Consultant, the grant application may need to be amended to move the “6219 Professional Services” funds to the correct object code “6299 Other Professional Services”. All expenditures shall be made from the correct FASRG object code.

Budget amendments, if any, shall be approved by the grant manager of each special program department and the accountant in the business office, to ensure that the reclassification of funds is allowable under the grant management guidelines related to budget amendments. Some grants allow a transfer of funds, up to 25% of the grant award, but only within the same object class and if the new object code does not require specific approval from the granting agency.

The TEA Grants Division has developed guidance related to “When to Amend” grants administered by the TEA. The guidance document is posted on the TEA website at: [http://tea.texas.gov/Finance\\_and\\_Grants/Administering\\_a\\_Grant.aspx](http://tea.texas.gov/Finance_and_Grants/Administering_a_Grant.aspx).

The guidance document contains the following guidance:

1. Use Table 1 for federally funded grants and for grants funded from both federal and state sources.
2. Use Table 2 for state-funded grants. Refer to the “Select Grantees” column if the NOGA is for over \$1 million.

In addition to TEA’s guidelines, federal regulations require that the district amend the grant application when we deviate from the original scope or grant objectives. Other amendments may be necessary when the district changes the designated Grant Manager, disengages from grant activities for more than three (3) months, or a 25% reduction in the time devoted by a grant manager.

The Grant Manager of each special program shall monitor the need for amendments at least quarterly throughout the grant period and at least one (1) month prior to the grant amendment deadline, if applicable. If an amendment is necessary for any of the reasons specified by the pass-through entity (TEA) or in federal regulations, the Grant Manager shall initiate the amendment process and collaborate with the finance department prior to submission of the grant amendment. The approval process of a grant amendment shall be the same as the grant application process, i.e. the Superintendent shall approve all federal grant amendments.

The finance department, Business Manager, shall be responsible for ensuring that the finance system budget corresponds to the most recent grant NOGA.

## **902.4 Standards for Financial and Program Management**

The District must comply with all requirements of federal grant awards including the provisions of the Federal Funding Accountability and Transparency Act ([FFATA](#)) and the Financial Assistance Use of Universal Identifier and Central Contractor Registration ([CCR](#)).

### FFATA Reporting

The district shall report the following for all federal grant awards, as appropriate. The accountant shall be responsible for collecting and reporting the information.

1. The following data about sub-awards greater than \$25,000
  - a. Name of entity receiving award [entity = district]
  - b. Amount of award
  - c. Funding agency
  - d. NAICS code for contracts / CFDA program number for grants
  - e. Program source
  - f. Award title descriptive of the purpose of the funding action
  - g. Location of the entity (including congressional district)
  - h. Place of performance (including congressional district)
  - i. Unique identifier of the entity and its parent; and
  - j. Total compensation and names of top five executives (same thresholds as for primes)
  
2. The Total Compensation and Names of the top five executives if:
  - a. More than 80% of annual gross revenues from the federal government, and those revenues are greater than \$25M annually and
  - b. Compensation information is not already available through reporting to the SEC.

## **902.41 Financial Management**

The District's financial management system, EdPro Finance System, shall be utilized to expend and track all federal grant expenditures. The financial management system shall be maintained in a manner that provides adequate internal controls over the data integrity, security and accuracy of the financial data.

The financial management system must contain information pertaining to all federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation. All expenditures of federal grant funds shall be in accordance with the district's written procedures such as cash management, accounts payable, purchasing, travel, allowable costs, capital asset tracking, contract management, and other procedures, as appropriate.

### Records Retention

The financial management system shall be utilized to store, maintain, and report all required federal grant information. Consequently, the district shall ensure that access to the data is restricted to authorized individuals in accordance with the district's Data Security and Access policies. In addition, the district shall retain all federal grant records for a period of five (5) years in accordance with the district's Local Records Retention Plan. [Note: The district's retention period exceeds the three (3) year retention period required in the EDGAR.] The district's Record Management Officer (RMO), \_\_\_\_\_, shall be responsible to ensure that all records are retained, stored and accessible, as appropriate.

### List of Federal Grant Awards

A list of all federal grant awards shall be maintained to include all EDGAR required data (denoted with an \*) and district-required information listed below: [List of all federal grant awards with the required identification information is included in the Exhibit Section]

- The CFDA title and number\*,
- Federal award identification number and year\*,
- Name of the Federal agency\*, and
- Name of the pass-through entity\*, if any.
- Grant manager for each grant
- Subgrants, if any
- TEA-assigned risk level for each grant, as appropriate

On at least a monthly basis, the grant manager of each special program, shall review the status of each federal grant fund. The review shall include a comparison of budget to expenditures.

## **902.42 Internal Controls**

The district' internal control procedures over financial management, developed in accordance with the Internal Control Integrated Framework ([COSO](#)), shall be made available to all staff involved in the management of federal grant funds. The internal control procedures shall be reviewed on at least an

annual basis and updated as appropriate. If any weakness in an internal control is detected, the internal control procedures shall be revised to incorporate the weakness(es) at either the annual review or as the need arises dependent upon the severity (materiality) of the weakness.

A copy of the district's [Internal Control Procedures](#) are embedded within this manual and available from the business department. The Business Manager shall be responsible for the annual review and update of the Internal Control Procedures.

### **902.43 Bonds**

If the granting agency requires that the district obtain bonding and/or insurance for a specific project, the district shall ensure that the bonds are obtained from a company that holds a certificate of authority as specific in 31 CFR Part 223, Surety Companies Doing Business with the United States. Business Manager shall be responsible for obtaining insurance and/or bonding, as appropriate.

### **902.44 Payment**

Payments to vendors shall be made promptly in accordance with federal regulations and state law. Specifically, in accordance with the Texas Prompt Payment Act, the district shall pay all invoices within 30 days of receipt of the goods/services and the invoice, whichever is later.

In the event that the district receives an advance payment from a federal granting agency, the district shall ensure that it expends the advanced funds in a timely manner. Excess funds may earn interest, which may require return to the federal granting agency if the interest meets the federal threshold.

The district has determined that it will not accept advanced payments for federal grant funds. The district shall seek reimbursement for federal grant expenditures, rather than using an advanced payment method. Consequently, the district shall prepare and submit a "draw-down" of federal grant funds only after the payments have been made and distributed to the vendor via mail, e-payables or other delivery method. The draw-down of expended funds shall be net of all rebates, refunds, contract settlements, audit recoveries and interest earned, as appropriate. The accountant shall be responsible for preparing the draw-down of federal grant funds. All draw-downs shall be recorded on the general ledger as a receivable when the draw-down process is complete and posted to the cash account upon receipt of the receivable.

### **902.45 Cost sharing or matching funds**

The Grant Manager over each federal grant award shall ensure that requirements for cost sharing and/or matching funds are approved through the grant approval process prior to the submission of the grant. At a minimum, the Business Manager and the Superintendent must approve the commitment of all cost sharing and matching grant funds.

If cost sharing or matching funds are required as part of a federal grant award, the required direct or in-kind expenditures should be recorded and tracked on the general ledger. If matching grant funds are

required in the General Fund (Fund 199), the district shall utilize a sub-object to separately track the expenditures for reporting and compliance purposes.

All staff paid with cost sharing and matching funds, shall be subject to the Time and Effort Documentation requirements.

Cost sharing and matching funds that are as a result of donated services or supplies, shall be recorded and tracked in accordance with the federal regulations ([CFR 200.306](#)).

### **902.46 Program Income**

1) The district will not generate any program income as part of a federal grant award.

### **902.47 Period of performance (Obligations)**

All allowable grant expenditures shall be incurred during the grant period, i.e. begin date and end date of the federal grant award as designated on the Notice of Grant Award (NOGA). The Grant Manager shall notify the appropriate departments, such as Purchasing, Human Resources, Finance, Payroll, etc. of the grant periods for each federal grant award to ensure compliance as noted below:

- No employee shall be hired and paid from federal grant funds except during the federal grant period
- No purchase obligation shall be made from federal grant funds except during the federal grant period
- No payroll or non-payroll expenditures shall be made from federal grant funds except during the federal grant period.
- Grant funded employment lasts only for the life of the grant.

All obligations with federal grant funds must occur during the grant period. Obligations that occur before or after the grant period are not allowable costs. The obligations must be liquidated in accordance with the grant deadlines, especially as they relate to the final draw-down of federal grant funds. Guidance regarding the obligation of federal grants funds can be found in [TEA's General and Fiscal Guidelines](#).

The Grant Manager shall monitor the expenditures during the grant period to ensure that the funds are spent in a systematic and timely manner to accomplish the grant purpose and activities. The following timeline shall be used as a general guide for spending thresholds for a grant period of 15 months. The optimal spending thresholds noted below may be adjusted based on programmatic needs. For example, if the federal grant will be used for summer activities such as summer school, a larger percentage of the grant may need to be withheld for those specific activities.

- Within 3 months of the grant start date 25%
- Within 6 months of the grant start date 50%
- Within 9 months of the grant start date 75%
- Within 12 months of the grant start date 100%

All purchases with federal grant purchases shall be in accordance with the federal regulations, specifically [CFR 200.318](#). All purchases shall be purchased from a variety of qualified vendors with the ability to perform successfully under the terms and conditions of a proposed procurement. The district shall strive to avoid acquisition of unnecessary or duplicative items. The district shall implement the following strategies to maximize federal grant funds:

- Consolidation of purchases to obtain volume pricing, as appropriate
- Evaluate the cost efficiencies of leases versus purchases of equipment
- Utilize cooperative purchasing agreements, as appropriate, to obtain volume pricing
- Utilize federal or state excess/surplus property supplies or equipment in lieu of purchasing new supplies or equipment, as appropriate
- Utilizing value-engineering in construction projects to seek cost reductions
- Develop vendor selection criteria to select the best vendor
- Develop a tracking system of all informal and formal procurements
- Avoid “time and materials” contracts if other alternatives exist
- Monitor vendor performance to ensure that the vendor provides the services and/or goods, as appropriate
- Ensure that all contract and vendor disputes are resolved in the most advantageous manner
- Minimize the risk of jurisdictional issues by ensuring that all contracts would be litigated in a court within the county, city and/or state, as appropriate

The district shall complete a review of the procurement system on at least a monthly basis to self-certify that the procurement system is efficient and effective. The CFO shall oversee the completion of the self-certification. The results of the certification shall be distributed to all grant management staff. - Past experience with the district
- Cost of goods and services, including future costs of maintenance

The district shall not restrict vendor competition by requiring any of the following as selection criteria:

- Unreasonable requirements, such as excessive experience or bonding, brand name products or geographic preferences that would unduly restrict competition among qualified vendors
- Arbitrary restrictions that are not essential to the bid/proposal specifications

A vendor database shall be maintained by the finance department and PRIM. The district's [Adding/Renewing Vendors Procedures](#) shall be adhered to for all purchases. Vendor selection shall include the following criteria:

- **Fingerprinting (If working directly with students)**

The district shall develop written bid/proposal specifications that are provided to every qualified vendor to ensure consistency in the procurement process. At no time shall the district allow a specific vendor to develop the bid/proposal specifications as this may provide a barrier to open competition among the qualified vendors. The bid/proposal documents must include guidance to vendors regarding the following:

- Time, date and place of bid/proposal opening
- Anticipated award date, as applicable
- Written specifications and addendums, as appropriate
- List of all bid/proposal required documents such as CIQ, Felony Conviction Notice, etc.

The Purchasing Agent shall be responsible to ensure that all purchases above this threshold are guaranteed with the appropriate bid guarantee, performance bond and payment bond.

All contracts for services and/or goods purchased with federal grant funds shall be subjected to the same review and approval process as all other district contracts. The [Contract Procedures and Checklist](#) are applicable to all federally funded contracts.

The district shall retain all records related to the procurement of goods and services in accordance with federal, state and local requirements. In addition, all procurement records shall be available for inspection and/or audit during the life of the records. The district shall maintain all procurement records for five (5) years in accordance with the district's Local Records Retention Schedule.

### Capitalization Policy and Definitions

The district has also adopted the EDGAR definition of Acquisition cost as noted below:

- *Acquisition cost* means the cost of the asset including the cost to ready the asset for its intended use. Acquisition cost for equipment, for example, means the net invoice price of the equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Acquisition costs for software includes those development costs capitalized in accordance with generally accepted accounting principles (GAAP). In addition, the district shall track all grant-funded asset purchases by grant, or fund code, as appropriate. The disposal of grant-funded assets shall be in accordance with federal guidelines and grant-specific guidelines, if any. At a minimum, the disposition date, reason and sale price of all federally-funded assets shall be recorded in the fixed assets database.

During the life of the asset, the district shall ensure that all assets purchased with federal grant funds are insured against loss. The costs to insure and maintain (repair) assets purchased with federal grant funds are generally allowable costs, unless specifically prohibited by a granting agency.

The PRIM Department shall be responsible for maintaining the fixed asset database of all district assets, including all federally-funded assets.

## 902.7 Cost Principles

All grant expenditures must be allowable under the Federal Cost Principles ([2 CFR 200 – Subpart E](#)), the grant application program assurances, the granting agency’s policies, and the district policies and procedures.

The district shall adhere to the Cost Principles for federal grants [[EDGAR SUBPART E](#)] and any additional grant-specific cost principles. The general principles of EDGAR state that:

- Costs must be reasonable and necessary
  - A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost.
  - Necessary is defined as costs needed to carry out the grant activities
- Be allocable to Federal awards
- Be authorized or not prohibited under State or local laws or regulations.
- Conform to any limitations or exclusions set forth in these principles, Federal laws, terms and conditions of the Federal award, or other governing regulations as to types or amounts of cost items.
- Be consistent with policies, regulations, and procedures that apply uniformly to both Federal awards and other activities of the governmental unit.
- Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost.
- Except as otherwise provided for in EDGAR, be determined in accordance with generally accepted accounting principles.
- Not be included as a cost or used to meet cost sharing or matching requirements of any other Federal award in either the current or a prior period, except as specifically provided by Federal law or regulation.
- Be the net of all applicable credits.
- Be adequately documented.

The district shall utilize the [Allowability /Allocability of Costs Worksheet](#) to verify that all proposed obligations and expenditures meet the Cost Principles. If the Worksheet reflects that the proposed obligation and/or expenditure is not allowable and/or allocable to a federal grant award, the district

shall not make the obligation/purchase with the federal grant funds. Other funds, such as local funds, may be used to make the obligation/expenditure, as appropriate.

The **total cost** of a federal award is the sum of allowable direct and allocable indirect costs less any applicable credits. All refunds, rebates, discounts or other credits to grant expenditures shall be posted to the finance general ledger as soon as the credit is known. The district shall ensure that all known credits have been posted to the general ledger prior to the drawdown on federal grant reimbursements. [Note. It is essential to post all credits to the general ledger on a timely basis to ensure that the district does not draw-down grant expenditures in excess of actual expenditures net of all credits. Otherwise, the district may be considered to have drawn-down funds under an advanced cash method.] The Accountant shall ensure that all applicable credits have been posted to the general ledger prior to preparing and submitting a federal grant draw-down request from the granting or pass-through entity. A cost allocation plan or an indirect (F&A) cost rate, whether submitted to a Federal cognizant agency for indirect costs or maintained on file by the district, must be certified by the district using the Certificate of Indirect Costs as set forth in Appendices III through VII, and Appendix IX. The certificate must be signed on behalf of the district by the CFO.

All district costs with federal grant funds, whether direct or indirect, shall meet the minimum requirements of allowability as specified in the 2 CFR 200.403. In addition, the costs must meet the general provisions for selected items of cost (2 CFR 200.420). Specific items not listed within these procedures shall be evaluated by the Grant Manager and Finance Department on case-by-case basis for allowability. The general cost allowability rules for specific items of cost listed within these procedures shall apply to all federal grant funds, unless more restrictive allowability rules are required by a particular federal grant award. **The district shall adhere to the more restrictive allowability rules when a conflict arises between the general allowability rules, the program-specific allowability rules and the district's allowability rules.**

### **Selected Items of Costs**

District costs generally fall under two major categories: 1) compensation/benefits; and 2) non-compensation (supplies, services, travel or equipment). The district has elected to use federal grant funds for both compensation/benefits and non-compensation expenditures.

- Stipend compensation for other non-federal grant award duties shall be supported by a [Supplemental Duties Job Description/Pay Notice](#). The additional duties shall not conflict with the federally-funded activities with the district,

### Benefit Costs

District costs for fringe benefits for federally-funded staff shall be allowable as noted below:

- All benefit costs shall be in accordance with the district's written [Summary of Employee Benefits](#)
- All leave benefits shall be in accordance with the district's written [Leaves and Absences Policy](#)

[Note. The Accountant shall ensure that the Role ID and object codes reflected on the grant application (Payroll Summary) are consistent with the HR, payroll, finance and PEIMS records.]

### 902.72 Selection of Grant-Funded Staff

The Grants Manager of each special program shall work collaboratively with the appropriate stakeholders (campuses and departments) to identify all staff needed to accomplish the grant activities. The Grant Manager of each special program shall work collaboratively with the Finance Department to obtain estimated salaries for proposed grant-funded staff prior to the completion of the grant application. And, the Grant Manager of each special program shall provide a copy of the Payroll Summary of each grant program to each of the campuses and departments noted above upon approval of the grant application.

In addition, the district shall provide the same employer-provided benefits for all district staff whether paid from local, state or federal grant funds.

The compensation for grant-funded staff shall be allocated to the respective grant program (fund) based on the single and/or multiple cost objectives performed by the grant-funded staff. If a grant-funded staff member performs non-grant activities during the day or beyond the normal work day, the compensation for the non-grant activities shall be paid from non-grant funds. Grant-funded staff with more than one cost objective, shall comply with the Time and Effort documentation requirements. Incentive payments, such as performance, perfect attendance, safety, etc. for grant-funded staff shall be allowable with federal grant funds if they are based on the same criteria as non-federal grant funded staff.

[insert flowcharts, as appropriate, for new positions, new hires, transfers, and time-and-effort]

#### New Positions

New grant-funded positions shall be created only when a job description has been developed and approved by the Human Resources and the Grant Manager of each special program. The Grant Manager of each special program shall ensure that the position is approved on the grant application and that adequate funds exist to fill the position. The finance and payroll departments shall be notified to ensure that the position is budgeted on the general ledger and the position is paid using the correct payroll account distribution codes.

#### New Hires

New staff hired for work in positions that are wholly or partially funded with federal grant funds, shall be hired when a position and funding are both available. Upon separation of an employee, the home campus or department of the position shall initiate a request to replace the position. [NOTE: A [Personnel Requisition](#) or similar form may be used to start the process.]

The Grant Manager of each special program shall review the request to ensure that the position is still authorized and necessary. Changes to the job description, if any, shall be made at this time. The Finance department, Business Manager, shall review the request to ensure that adequate funds exist in the appropriate account code(s). [NOTE: A [Personnel Recommendation](#) or similar form may be used to start the process.]

Upon employment, the new hire shall receive and sign a copy of his/her respective job description to include the grant funding source. NOTE: If the position is funded with a short-term grant fund, the employee shall be notified in writing when the grant funding will lapse, especially if their position will lapse at the end of the grant.]

#### Transfer of Personnel

When staff in a position funded with grant funds is recommended for transfer to another campus, department, or assignment, the grants management, human resources, and finance departments shall work collaboratively to ensure that the appropriate staff allocations and funding changes are made at the time of the transfer. The home campus or department shall initiate the request for the transfer, especially if it is a teaching assignment change at a campus. The grants management, human resources and finance departments must evaluate the requested transfer to ensure that the staff allocations, highly qualified staff requirements, and funding source changes are in compliance with grant requirement.

For example, if an elementary principal requests to transfer a Title I Reading teacher to a Pre-Kindergarten regular classroom teacher, the following considerations should be evaluated by the respective departments: 1) HR – ensure that a vacancy exists in a PK teacher position and that the teacher recommended for transfer is certified to teach PK; 2) Grants management – ensure that the grant strategies and activities can be accomplished in a timely manner after filling the vacancy that would be created by the transfer; and 3) Finance department – ensure that funds exist for the additional PK teacher slot and change the payroll account distribution code(s) from Title I to PK as of the effective date of the transfer.

#### Substitute Teachers

### Stipends and Extra Duty Pay

Stipend and extra duty pay expenditures are allowable for authorized and approved activities. A schedule or work log shall be maintained to substantiate the stipend and/or extra duty pay. NOTE: It is recommended by the TEA that a job description for each stipend role include the duties related to the grant purpose and the grant funding source. **[Note. The finance department shall ensure that the expenditures for stipend and extra duty pay are budgeted and expensed from the appropriate account code(s). The stipend and extra duty pay rates shall be the same as the rates used for similar locally funded activities. For example, if a teacher stipend for attending a 1-day professional development activity funded through local funds during a non-scheduled work day is \$150 per day, the teacher stipend for attending a federally-funded 1-day professional development activity should be \$150 per day, too. **[A Stipend and Extra Duty Pay Scale (is NOT currently available.)]**

### 902.73 Time and Effort Documentation

District staff funded wholly or partially with federal grant funds shall comply with federal guidelines related to time and effort. The grant funded staff, their immediate supervisors, grants management, human resources, and finance departments shall be aware of the federal guidelines related to time and effort documentation. On a least an annual basis, all impacted staff shall be trained by the grants management department and/or attend appropriate training from an outside source.

The district shall collect and monitor time and effort documentation for district employees only. **Time and effort documentation does not apply to Independent Contractors.**

The district shall comply with all federal time and effort documentation guidelines. The job description and assignment shall be supported by documentation such as grade books, master schedule, etc.

#### Roster of all grant funded staff

The Grant Manager shall maintain an up-to-date roster of all grant funded staff to include the position title, annual salary, and funding source(s) by percentage. The roster of grant funded staff shall include all staff paid with non-federal grant funds whose compensation/benefits are paid as part of a matching or cost sharing requirement of a federal grant fund.

The home campus or department, human resources, and finance departments shall work collaboratively to ensure that the roster accurately reflects that data maintained in their respective area of responsibility. Discrepancies, if any, in the roster shall be brought to the attention of the grants management department.

The review of the roster shall include, but not be limited to the following:

- 1) Campus or department – ensure that the grant funded staff are assigned in the position title as noted on the roster. The master schedule or assignment of instructional staff must support the position title and funding source.
- 2) Human Resources – ensure that the position title and salary are correct as noted on the roster. In addition, the HR department shall ensure that each grant funded staff member has a signed job description on file for the position title noted on the roster. And, the HR department shall ensure that all grant-funded staff meet the state’s Certification or are Highly Qualified, as appropriate.

NOTE: It is critical that at least one of the reviews coincide with the submission of the Fall PEIMS Staff Data to ensure that accurate data is submitted as of the October snapshot date.

#### Budgeting of grant funded staff

The roster of grant funded staff shall be the basis for budgeting of grant funded staff. The percentage of time in each funding source shall be utilized by the finance department to create and enter the salary portion of the grant budget. The percentages shall also be utilized by the payroll department to enter the payroll distribution account code(s).

In addition, the finance department shall ensure that the Grant Personnel Schedule of the grant application matches the budget and payroll account code(s). For example, if the Grant Personnel Schedule for Title I, Part A includes a position of a “008 – Counselor (6119)”, the budget and payroll account code distribution shall be entered in a 6119 object code.

The grants management, human resources and finance departments shall work collaboratively to adjust the budget and payroll account code distributions of grant funded staff if the time and effort documentation consistently reflects that the percentage(s) across the funding source(s) is not a true reflection of the normal work schedule.

Time and effort requirements for staff funded 100% from one grant (or working 100% of their time in a single cost objective)

The staff funded 100% from one grant source do not have to maintain periodic time and effort records. However, all employees must certify in writing, at least semi-annually, that they worked solely on the program for the period covered by the certification. The employee and his/her immediate supervisor must sign the [Semi-Annual Certification Form](#).

The timeline for semi-annual certifications shall be once per academic semester to coincide with teaching assignment each semester. The immediate supervisor shall submit all signed semi-annual certifications to the grant management department as noted below:

The Grant Manager shall file the certifications for audit purposes.

The finance department shall prepare a journal ledger entry to correct the account distribution code(s) as appropriate. The payroll department shall post the entry to the finance general ledger.

Employees must prepare time and effort reports at least monthly to coincide with the district pay periods. Such reports must reflect an *after-the-fact* distribution of 100 percent of the *actual* time spent on each activity and must be signed by the employee and their immediate

supervisor. Charges to payroll must be adjusted to coincide with preparation and submittal of the interim expenditure report required for TEA discretionary grants.

Grant-funded staff under this category shall complete a [Time and Effort Worksheet](#) to include the date, grant source, percentage worked in the grant source per day and the summary for the month (or pay cycle). The staff member and his/her immediate supervisor shall sign the time and effort report. The immediate supervisor shall submit all signed time and effort reports to the Grant Manager.

The Grant Manager review shall consist of the following:

- 1) A review of the time and effort reports to compare the summary percentage of grant-related work per funding source to the budgeted percentage utilized to charge the monthly (or semi-monthly) payroll charges
- 2) A test sampling of staff assignments, i.e. master schedule, duty schedule, etc. to verify the percentage of grant-related work per funding source
- 3) If the time and effort report reflects the same percentage, the report may be filed for audit purposes
- 4) If the time and effort report reflects a different percentage, the report shall be reconciled to reflect the correct payroll charges by grant funding source and forward the reconciliation to the finance department for adjustment of the payroll charges on the general ledger.

The finance department shall prepare a journal entry to reclassify the expenditures as noted on the reconciliation of the time and effort report(s). According to federal regulations, the final amount charged to each grant award must be accurate, allowable and properly allocated. The finance department shall post all variances greater than 10% to the general ledger; otherwise, the variances shall be posted prior to the final expenditure report. NOTE: The finance department should use caution to avoid excess drawdown of grant funds due to unallowable payroll costs if timely adjustments to the general ledger as not posted prior to the drawdown of funds.]

#### Petty Cash Purchases with Grant Funds

The district shall not use a petty cash account to make purchases with federal grant funds.

#### **902.77 Travel Expenditures with Grant Funds (Students & Staff)**

The district may use federal grant funds for travel costs. All travel-related expenditures from grant funds shall comply with the allowable federal cost principles, the State Tex-[Travel Guidelines](#), School Board Policy and the district's travel guidelines. The allowable rates of reimbursement shall be the lesser of the federal rates or local rates. **For example**, if the federal rate of reimbursement for mileage is .575 cents but the local rate established in Board Policy [DEE Local](#) is 28 cents, the maximum rate of reimbursement for mileage with federal funds shall be the local rate of 28 cents.

The travel-related expenditures with grant funds shall fall within the grant period, unless a specific exception is allowable by the granting agency.

The following guidelines shall apply to the expenditure of grant funds for staff, student and/or parent travel, as appropriate.

The district shall on at least a monthly, or as allowed or required by the grant guidelines, draw-down grant funds that have been spent in accordance with the grant guidelines. The draw-down shall be for all expenditures to date, less grant funds received to date, as verified by a financial general ledger. NOTE: The expenditures shall be net of all refunds, rebates, discounts, credits, and other adjustments, if any.

The district has opted to operate under a cash reimbursement program guidelines, the district shall submit a draw-down of federal grant funds only when the following has occurred:

- The expenditure has been made as evidenced by distribution of a paycheck to a grant funded staff member or mailing, e-paying, or delivering a payment to a vendor.

**At no time shall the district draw-down any “advanced” cash payments, unless specifically allowed by the granting agency.**

The draw-down of grant funds from the granting agency shall be initiated by the finance departments, Accountant. A detailed summary general ledger of each grant fund should be generated to determine if the district is entitled to draw-down funds, i.e. if the granting agency owes the district any funds. **If the district has funds available for draw-down, a detailed general ledger should be generated and forwarded to the Grant Manager for their review and approval. A detailed general ledger report of each program will be sent to each grant program manager for their review. The grant manager will review the report, sign it, scan it and return to accountant who originally sent the report.** [NOTE: If the grant management staff has real-time access to a detailed general ledger, they should be notified to generate and review the report.]

**If a grant has a matching requirement, the district shall draw-down only the allowable amount after verifying compliance with the level of matching expenditures.**

The Grant Manager review shall consist of the following:

- 1) A review of the detailed general ledger for any unusual charges or reclassification of expenditures
- 2) A test sampling of either unusual or large expenditures to ensure that the expenditures were reviewed and approved by all designated staff
- 3) Monitor the percentage of expenditures-to-date to ensure that the grant funds are expended on a timely basis throughout the grant period. [NOTE: TEA may disallow grant fund expenditures that appear to be made outside of the grant period or so late in the grant period that the district and its student did not benefit from the delayed expenditure.]

Upon approval from the Grants Manager, the finance department, Accountant, shall prepare the paper or electronic draw-down request and a copy of all supporting documentation such as the detailed general ledger, approval from the grant management department, and other supporting documentation shall be filed for audit purposes. The Accountant shall prepare the journal ledger entry and the Accountant shall post to the finance general ledger.

If manual approval of an electronic draw-down is required by the granting agency, the finance department shall comply with the manual requirements. For example, TEA at times requests supportive information related to a drawn down such as a detailed general ledger, narrative justification, or summary of expenditures by object code. Upon a request from the TEA, the finance department, Accountant, shall respond to the request within the allotted time to avoid designation as a “high risk” grantee.

The finance department, Accountant, shall be responsible to ensure that the requested draw down amount does not exceed a grant-specific draw down amount, or percentage. [NOTE: The NCLB draw down percentage is 20% per month and aggregates each month.]

The final draw-down of grant funds from the granting agency shall be made within the allowable timeframe. **The grant liquidation guidelines shall be adhered to in making final payment for all goods and services received and placed into service before the end of the grant period.** The draw down process shall be the same as a monthly or periodic draw down, except that all refunds, rebates, credits, discounts or other adjustments to the general ledger must be recorded in the general ledger prior to submitting the final draw down request. [NOTE: There shall be no outstanding purchase orders or pending liquidations at the time of the final draw down of grant funds.] **The final draw-down shall be reviewed and approved in the same manner as a periodic draw-down.**

Federal regulations ([CFR 200.415](#)) requires that the district certify the accuracy of the annual and fiscal reports or vouchers requesting payments be signed by the authorized individual(s). The Grant Manager and Finance Department shall jointly certify every draw-down of funds, including the final expenditure report (draw-down of funds) as noted below:

*By signing this report, we certify to the best of our knowledge and belief that the reports is true, complete and accurate, and the expenditures, disbursements and cash receipts are the purposes and objectives set forth in the terms and conditions of the federal award. We are aware that any false, fictitious, or fraudulent information or omission of any material fact, may subject us to criminal, civil, or administrative penalties for fraud, false statements, false claims or otherwise.*

If a final draw down deadline is missed, the finance department, Accountant, shall contact the granting agency to determine if a process exists to request a filing deadline extension. [NOTE: TEA has developed procedures to request an extension for filing expenditure reports. The request form must be completed, signed by the Superintendent and filed with TEA within 30 days of the final expenditure report deadline.]

[NOTE: The revenues realized and the expenditures should be equal at the time of the final draw down of grant funds.]

### Receipt of Grant Funds

All district staff, especially those assigned with federal grant duties, shall adhere to [the Cash Management Procedures](#). Specifically, all cash received by the district shall be deposited, recorded reconciled by multiple individuals to ensure segregation of duties. [Cash Management Procedures](#)

The district shall record all grant fund receipts from the granting agency. The receipt of grant funds shall be posted to the general ledger to the appropriate account code. In the event that the grant funds received do not match the recorded receipts, the finance department, Accountant, shall contact the granting agency to determine the discrepancy. If the granting agency has reduced and/or increased the grant funds paid to the district, a general ledger adjustment shall be posted to the appropriate revenue and receivable accounts. The Accountant shall prepare the adjusting journal ledger entry and the Accountant shall post the entry to the finance general ledger.

The district will not maintain grant funds in a separate bank account.

The district has elected to draw down federal grant funds under the cash reimbursement program guidelines, i.e. after the delivery of the payment to the payee. No interest shall be earned, recorded, nor returned to the granting agency as a result of the cash reimbursement program.

### Tracking and Recording Receivables

On at least a monthly basis, the finance department, Accounts Payable Clerks, shall review all pending receivables. Aged receivables, defined as greater than 60 days from the date of recording, shall be investigated and resolved by contacting the granting agency. The originator of the Purchase Order shall keep a pending file to ensure a follow-up of all purchases.

At the end of the fiscal year, all known and measurable receivables shall be recorded to the general ledger to the appropriate grant code. The Accountant shall prepare the journal ledger entry and the Accountant shall post the entry to the finance general ledger.

## 902.8 Grant Compliance Areas

The district shall ensure that it is in compliance with all provisions and assurances of all grant programs. In addition, the district shall comply with grant requirements such as *supplement not supplant*, comparability, indirect cost, and maintenance of effort spending levels.

### 902.81 Supplement, Not Supplant

The term —supplement, not supplant is a provision common to many federal statutes authorizing education grant programs. There is no single supplement, not supplant provision. Rather, the wording of the provision varies depending on the statute that contains it.

Although the definition may change from statute to statute, supplement not supplant provisions basically require that grantees use state or local funds for all services required by state law, State Board of Education (SBOE) rule, or local policy and prohibit those funds from being diverted for other purposes when federal funds are available. Federal funds must supplement—add to, enhance, expand, increase, extend—the programs and services offered with state and local funds. Federal funds are not permitted to be used to supplant—take the place of, replace—the state and local funds used to offer those programs and services. [TEA Supplement, Not Supplant Handbook, 2013]

The district process to ensure that all grant funded activities are supplemental shall be a collaborative effort between the grants management, finance and purchasing departments. Both departments shall receive training and be aware of the supplement not supplant provisions.

The Grants Manager shall review and approve all purchase orders (and non-purchase order payments). The Grant Manager review shall include a determination if the planned purchase and/or expenditure meet one of the following guidelines:

- 1) The grant funds will be used to enhance, expand, or extend required activities. Examples may include before/after tutoring, additional research-based instructional programs, or other supplemental expenditures not required by state law or local policy.
- 2) The grant funds will be used for specific grant activities included in the grant application that are above and beyond the activities funded with local funds
- 3) **The grant funds will be used to supplement grant activities as noted on the DIP or a CIP.**

Program-specific supplement, not supplant provisions shall be complied with in addition to the overall federal funds requirements.

### 902.82 Comparability

Comparability of services is a fiscal accountability requirement that applies to local educational agencies (LEAs) that receive funds under Title I, Part A of the Elementary and Secondary Education Act of 1965

(ESEA), as reauthorized by the No Child Left Behind Act of 2001 (NCLB). The intent of the comparability of services requirement is to ensure that an LEA does not discriminate (either intentionally or unintentionally) against its Title I schools when distributing resources funded from state and local sources simply because these schools receive federal funds. [TEA Title I, Part Comparability of Services Guidance Handbook, 2013]

The finance department, Business Manager, shall conduct the comparability test on an annual basis and complete the [Title I Part A Comparability Assurance Document](#) (CAD). NOTE: If the district determines that it is exempt from the comparability requirements, the finance department shall note the exemption on the CAD and submit it to TEA. If the district is not exempt, the finance department shall complete and submit the [Comparability Computation Form](#) (CCF) to TEA by the mid-November annual deadline.

In completing the CAD and CCF, the finance department, Business Manager, shall follow the process outlined below [and illustrated on the workflow]

- 1) Determine if the district is exempt from the comparability requirement. If so, complete and submit CAD and stop here.
- 2) If not exempt, the comparability testing process should continue as noted below:
  - a. List all campuses in the CCF comparability testing
  - b. Identify all campuses on the CCF as Title I Part A, skipped, or non-Title I Part A
  - c. Determine whether to include dedicated EE and/or PK campuses in the comparability testing
  - d. Select test method 1, 2, or 3 and use it consistently to all campuses being tested
  - e. Complete the CAD for review by the grant management department. After review and approval by the grants management department, the CAD and CCF should be forwarded to the Superintendent for signature.
  - f. Submit the CAD and CCF to TEA by the mid-November deadline

If TEA determines that the district is non-compliant, the finance and grants management departments shall work collaboratively to address the non-compliance. In addition, the district shall adjust the budgets as appropriate to until the district is in compliance with the comparability requirement.

### **902.83 Indirect Cost**

Grantees must have a current, approved federal indirect cost rate to charge indirect costs to the grant. The indirect cost rate is calculated using costs specified in the grantee's indirect cost plan. Those specified costs may not be charged as direct costs to the grant under any circumstances. [[TEA Indirect Cost Handbook, 2014](#)]

The district has applied for an Indirect Cost Rate extension through the pass-through entity (TEA) for a 4-year period, from 2016 to 2020. After the extension period, the district shall apply for an indirect cost rate through the federal granting agency or pass-through entity (TEA) in accordance with the current regulations. The Business Manager shall complete and submit an Indirect Cost Rate Proposal by the established deadline as specified by the pass-through entity (TEA) on the Indirect Cost webpage at: <http://tea.texas.gov/index4.aspx?id=3842>

The district's Indirect Cost Rate, or the maximum allowable rate, whichever is less shall be used to post Indirect Costs for federal funds to the General Fund. The finance department, Accountant, shall prepare a general ledger entry for the indirect costs. The Accountant shall post the entry to the finance general ledger.

### **902.84 Maintenance of Effort**

The district shall comply with the No Child Left Behind (NCLB) and Individuals with Disabilities Act (IDEA) maintenance of effort requirements.

#### NCLB MOE

Federal statute requires that local education agencies (LEAs) receiving Title I, Part A funds must continue to maintain fiscal effort with state and local funds. An LEA may receive its full Title I, Part A entitlement if either the combined fiscal effort per student or the aggregate expenditures for the preceding fiscal year was not less than 90 percent of the combined fiscal effort or aggregate expenditures for the second preceding fiscal year. Maintenance of Effort (MOE) is determined using state and local operating expenditures by function, excluding expenditures for community services, capital outlay, debt service, and supplementary expenses as a result of a Presidential declared disaster, as well as any expenditures from funds provided by the federal government. [TEA NCLB MOE Handbook]

The finance department, Business Manager, shall compute the MOE using the TEA NCLB LEA MOE Determination Calculation Tool during the budget adopted process and at the end of the fiscal year. Non-compliance with NCLB MOE will result in a reduction of NCLB funds in the exact proportion by which the district fails to meet the MOE requirement; therefore, the finance department shall plan for the reduction of grant funds at the local level. If the NCLB MOE falls below the required level, the finance and grant management departments shall collaborate to develop a plan to bring the district into compliance with the MOE requirements.

#### IDEA-B MOE

An LEA that accepts IDEA-B funds is required under IDEA-B to expend, for services to students with disabilities, at least an amount equal to 100% of the state and/or local funds it expended on students with disabilities during the previous year. Federal law provides four methods of demonstrating

compliance (or “maintaining effort”), as described in the Methods of Determining Compliance section. [TEA IDEA-B MOE Guidance Handbook, 2014]

The finance department, Business Manager /or designee, shall compute the MOE using the [TEA IDEA-B LEA MOE Calculation Tool](#) during the budget adopted process and at the end of the fiscal year. Non-compliance with IDEA-B MOE will result in a reduction of IDEA-B funds in the exact proportion by which the district fails to meet the MOE requirement; therefore, the finance department shall plan for the reduction of grant funds at the local level. If the IDEA-B MOE falls below the required level, the finance and grant management departments shall collaborate to develop a plan to bring the district into compliance with the MOE requirements.

NOTE: The finance department shall code all special education expenditures that qualify as exceptions to a specific sub-object for tracking purposes. For example, if the district makes a long term purchase of equipment for a special education student, the district should track that expense separately to apply that cost as an exception during the MOE calculation.

As part of the IDEA-B grant application process, the Grant Manager will need to know the prior year Special Education expenditures and the next fiscal year budgeted Special Education Expenditures. The finance department, Business Manager / or designee, shall provide these amounts to the Grants Manager not later than June 1<sup>st</sup> to ensure that the most accurate amounts are reflected in the grant application. Changes to these amounts, as they are known, by the finance department, Business Manager /or designee, shall be submitted to the Grant Manager of each special program, as appropriate.

## **902.85 Reporting Requirements**
