Principal's Message

Pleasanton Middle School is a high achieving comprehensive middle school that houses several special programs such as Spanish Dual Immersion, a Counseling Enriched classroom, and several Special Education classes. As a staff, we are committed to helping all of our students experience academic success, and are working hard to identify and serve each individual student who is not making adequate yearly progress. To that end, we continue to offer Intensive Intervention classes and academic support during the school day, and Strategic Interventions after school through the Study Hour and Extended Day Tutoring. All of these intervention efforts have required monetary and personnel support from the district. Title I and categorical funding from the district was utilized to provide staffing for intervention classes and additional instructional materials, new software, and resources to assist our underserved students. We are also using our LCAP funding to offer Extended Day tutoring sessions. Teachers and administrators alike are participating in numerous trainings and professional development in order to better support student achievement. We anticipate that our efforts will continue to result in great educational success for all of our students, and we continue to see improvements in student growth.

Mission Statement

The goal of the faculty and staff at Pleasanton Middle School is to prepare students to meet the challenges and demands of the twenty-first century. Our program is designed to meet the academic, social, emotional, and physical needs of the young adolescent. The comprehensive core curriculum is thoughtfully formulated to emphasize academic achievement, encourage student responsibility, and enhance self-esteem. We are committed to providing positive support and guidance for students during this transitional period.

School Profile

Pleasanton Middle School is located in the central region of Pleasanton and serves students in grades six through eight following a traditional calendar. The current 2017 - 2018 student enrollment is 1243, including 121 students in special education; 97 students qualifying for English Language Learner support; and 150 students qualifying for free or reduced price lunch.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

Instructional Materials

All textbooks used in the core curriculum at Pleasanton Middle School are currently being aligned to the Common Core State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Tuesday, September 26, 2017, the Pleasanton Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution 2017-2018.06, which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2017-18 school year, Pleasanton Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements (Most Recent Year)

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Pleasanton Middle School's original facilities were built in 1990; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

- Installed new HVAC unit on room 507

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. Two day custodians and three evening custodians are assigned to Pleasanton Middle School. The day custodians are responsible for:

- Classroom cleaning
- Cafeteria setup/cleanup
- Groundskeeping
- Office area cleaning
- Restroom cleaning

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed.

The evening custodians are responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Deferred Maintenance

Pleasanton Middle School participates in the State School Deferred Maintenance Program, which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems.

Facilities Inspection

The district's maintenance department inspects Pleasanton Middle School on an annual basis in accordance with Education Code §17592.72(c)(1). Pleasanton Middle School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on May 1, 2017. No emergency repairs were needed and no unsafe conditions were found.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through flyers, the school marquee, the school website, weekly newsletter, the bilingual parent liaison, teacher websites, and eConnection. Contact Chris De Stasi at (925) 426-4390 for more information on how to become involved in your child's learning environment.

Opportunities to Volunteer:

Chaperone
 Classroom Helper
 Library Helper
 Office Helper

Open House
 Sports Events
 Book Fair
 Music Performances
 Drama Performances
 Dances
 Diversity Week Activities
 Pantherfest
 Parent/Guardian Evening Symposiums

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Pleasanton Middle School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in September, 2017.

Professional Development provided for Teachers

Staff Development

All training and curriculum development activities at Pleasanton Middle School revolve around the Common Core State Standards. During the 2015-16 school year, Pleasanton Middle School staff attended site-based professional development trainings:

- Common Core State Standards
- Curriculum & Assessment
- Diversity
- Equity Training
- GLAD Training
- Math Department Training
- Intensive Interventions
- OARS Data System Training
- Embedded Curriculum Training
- AVID Strategies Training
- Technology Training
- * Blended Learning

During the 2016-2017 school year, Pleasanton Middle School's teachers attended the following site-based professional development trainings:

- Google Documents Training
- WICOR Strategies
- Blended Learning
- Technology Trainings
- Illuminate Training
- Intensive Interventions
- AVID Strategies Training
- Systems Thinking
- Positive Behavior Interventions & Support
- Health & Safety

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input, district benchmark results, and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Pleasanton Middle School supports ongoing professional growth throughout the year on late start Wednesdays. Teachers meet in both grade level and department level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2015-16 school year, Pleasanton Middle School's teachers attended the following events hosted by the Pleasanton Unified School District:

- Special Education Job Alike
- Getting Started with Google Sites
- Technical Writing for Science Class
- Summer Institute for Educators
- Learning Circles Seminar Series
- CHSSP (California History/Social Studies Project)
- Google in Education California Summit
- Universal Design for Learning (UDL) and the Common Core Standards
- IntegratED Conference - Improving Education with Technology
- World Language Collaboration
- Math Articulation from Middle to High School
- Standards of Mathematical Practice

During the 2016-2017 school year, Pleasanton Middle School's teachers attended the following professional development events hosted by Pleasanton Unified School District:

- Summer Institute for Teachers
- Co-Teaching Training
- Math Articulation
- ELA Adoption Trainings
- Blended Learning Academies
- Systems Thinking
- Technology/Blended Learning

Pleasanton Middle School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
