

Would you like help paying for your child's tuition?
Would you like to spend money to make money for yourself and your children?
Would you like to raise funds for your child's tuition just by making everyday purchases?

The ANSWER to all of the above is possible through **Canaan Christian Academy** partnering with **ShopWithScrip**.

How does the scrip program work?

- You buy retail gift cards for everyday purchases through CCA by Mondays at 9:00 a.m.
- 1-14% of the face value of the card will be credited to your account.
- You receive the gift card by Friday and shop for your purchases at your convenience.
- Repeat the process every week and watch the funds grow.
- CCA will credit your tuition account twice a year.

You have the choice to receive 100% of the money saved through the program or you can choose to donate a percent to the school. Our desire is to help you, as a parent, reduce your tuition amount.

Ways to increase the amount you can earn:

- Be a consistent user of scrip – use it weekly.
- Have family and/or friends order with you.
- Order online to get the maximum number of retailers available at current percentage rates.

How do I get started?

- ***Everything you need to get set up is included in this packet.***
- Several ordering options are available to you:
 - ✓ PrestoPay – enables you pay for your gift cards online or on your smartphone
 - ✓ ScripNow – e-cards immediately available to you
 - ✓ ReloadNow – add additional funds to an existing card
 - ✓ MyScripWallet - use your smartphone to purchase gift cards on the go and more!

If you are interested in any of these ordering options, you can request the information from the academy office or go online to www.shopwithscrip.com.

- We are encouraging all our families to get set up online for your ordering instead of using paper forms. There are definite advantages to using this method. ***The easy part is you can order your cards online and just submit your check on Monday to the school to release the order.***
- If you were involved in the scrip program before and do not want to participate in the program online, paper order forms are still available, just request some from the school office.
