April 2018

Dear Parent(s):

On January 1, 2018 Assembly Bill 10: Feminine Hygiene Products: Public School Restrooms was signed into law.

Assembly Bill 10 requires: (a) all California public schools serving students in 6-12 grades to stock at least 50% of the school's restrooms with feminine hygiene products at all times, (b) shall not charge for any menstrual products provided to pupils, including but not limited to feminine hygiene products, and (c) "feminine hygiene products" means tampons and sanitary napkins for use in connection with the menstrual cycle.

In compliance with this new law, the Fullerton School District has recently installed feminine hygiene dispensers in the girls restrooms on all campuses. We would like you to be aware that feminine hygiene products will now be available to students in the girl's restroom.

If you have any questions or concerns, you may contact your child's school office or Student Support Services at (714) 447-7500.

Sincerely,

Robin Gilligan
Director, Student Support Services
