Exercise facilities that promote good health in the Hardin Park, Greeneville

# COMMUNITY ENVIRONMENT

## Vegetation

Scared revegetation after construction

complete revegetation after construction

# Drainage Ways & Erosion Sustainability Consideration

Erosion in unstabilized stormwater detention basin

No Erosion in stabilized stormwater detention basin

# Cleanliness of our Neighborhoods

## The Crisis of Abandoned Buildings

Blighted areas  
disfigure the  
environmental  
beauty of our  
Town

# Cleanliness of our Neighborhoods

The cleanliness of some low income neighborhoods need improvement

# Cleanliness of our Neighborhoods

The State of Surrounding property Affects Property Values  
and Population Pull to our Community

# Health in our Commercial Environment

Standing water is breeding ground for insects and junk cars  
destroy scenic beauty

# Health and Beauty of our Commercial Environment

# Natural Environment: Wetlands

# Environmental Conditions of our Built Places

Landscaping  
is an  
essential  
element that  
defines our  
built  
environment

# Drainage Ways Pollution affects Aquatic Life

# Gateway Environment

Compare adjacent stormwater detention facilities in the Andrew Johnson Gateway on the same day

Community Environment involves those simple things in our environment affecting you and I directly or indirectly

We are in this together for our common good!!
