Motion passed.

A discussion was had regarding the fees for competition exams some students take. The point was made that the French students pay for their own test fees. For the future, should we consider asking the chemistry students to pay for the Olympiad exams themselves? Something to consider would be that currently this exam is administered to ALL AP chem students and if asking them to pay, it would have to be optional. Some of

us are concerned with the access to the competition being available at no charge, but it is a large expense. This topic will come up again at future meeting.

Library Expenditures

Janet Hasbrouck was here again to discuss fund usage for library expenses. It was decided that more time for a few of the items to be viewed by teachers was necessary. A vote was had on just some of the items in requested budget sheet.

For JSTOR (2 Years), E-Library Science (2Years), classroom novels \$10954

Motion: Mike Pasqua

Second: Francisca Kasama

Motion passed.
