School Accountability Report Card

Reported Using Data from the 2015-16 School Year

Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

District Profile

Centinela Valley Union High School District is located next to the 405 freeway in the city of Lawndale, approximately 20 miles southwest of the city of Los Angeles. During the 2013-14 school year, the district's three comprehensive high schools, one continuation school, one independent study school, and one community day school served a total of 6,661 students in grades 9-12 residing in the cities of Hawthorne, Lawndale, and Lennox, and unincorporated portions of Los Angeles County. The district serves four feeder districts, Hawthorne Elementary, Lawndale Elementary, Lennox Elementary, and Wiseburn Elementary.

District Vision

The Centinela Valley Union High School District is committed to providing an educational environment in which all students succeed. Students will be prepared to meet the challenges of higher education and the future demands of a modern technological society.

School Profile

During the 2014-15 school year, Leuzinger High School served 1,784 students in grades 9-12. Student enrollment included 12.5% receiving special education services, 17.3% qualifying for English learner support, and 93.5% qualifying for free or reduced-price meals. Leuzinger High School offers a comprehensive standards-based curriculum, preparing students for their post-secondary education opportunities and entrance into the workforce.

Mission Statement

The Leuzinger High School community, in partnership with supportive families, strives to maximize the unique potential of each student to cultivate the skills essential for lifelong learning and to nurture responsible citizenship.

School Vision

Leuzinger High School will empower all students to act with integrity to achieve excellence through rigorous college and career pathways. All Olympian graduates will be eligible to attend a four-year college or university.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

Year and month in which data were collected: September 2016

Instructional Materials

All textbooks used in the core curriculum throughout Centinela Valley Union High School District are being aligned to the Common Core State Standards. Instructional materials for core content areas are approved by the district’s Board of Education. The district follows the State Board of Education’s six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health.

On September 13, 2016, the Centinela Valley Union High School District’s Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted the Resolution No. 16-17/008 which certifies as required by Education Code §60119 that (1) sufficient textbooks and instructional materials have been provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and context of the curriculum frameworks, (2) each pupil has a textbook or instructional materials, or both, to use in class and to take home, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, (4) laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive, and (5) for students in grades 9-12, the instructional materials were adopted by the local governing board following district review of the materials and their alignment with state content standards as required by CCR, Title 5, Section 9531.

In addition to the core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for its visual/performing arts curricula. During the 2016-17 school year, Centinela Valley Union High School District provided all students enrolled in a visual/performing arts class with their own textbook or supplemental materials to use in class and to take home. These materials comply with the state’s content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements (Most Recent Year)

Facilities Maintenance

School custodial staff and the district's maintenance department work together to ensure classrooms and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Maintenance and Operations (M&O) employs an electronic (web-based) work order system enabling school staff to communicate unscheduled maintenance needs, urgent repairs, or special projects. Most of Leuzinger High School's repairs and maintenance projects are performed by the school's day custodians. A crew of evening custodians visits Leuzinger High school on a rotational basis for intensive cleaning and maintenance projects. Emergency situations are immediately resolved either by the school custodians or the district maintenance staff, based upon the nature of the situation.

One plant manager, two day custodians, one grounds worker, and eight evening custodians are assigned to Leuzinger High School for routine maintenance, daily custodial duties, and special events preparations. The administrative team and plant manager communicate daily regarding campus cleaning needs and safety concerns. Regularly, the associate principals, Plant manager and lead day custodian, meet to discuss campus projects, setups, special activities, general housekeeping, and project priorities.

The day custodians are responsible for maintaining the cafeteria, keeping restrooms clean and stocked, gymnasium cleaning, removing debris and emptying trash receptacles, and addressing minor repairs and maintenance issues. The day custodians check restrooms every hour as a proactive approach in keeping facilities fully stocked, safe, and sanitary. Evening custodians are responsible for daily comprehensive cleaning of classrooms, office areas, media center, career center, locker rooms, gymnasium, restrooms, and other areas as assigned. A team of 3 groundskeepers visits Leuzinger High School on a rotational basis for large scale mowing, irrigation repairs, and sweeping.

School safety and cleanliness are the custodians' highest priority and strongly emphasized as a component of their daily routines. Custodians receive training from the plant managers, department supervisors, and supply vendors regarding proper cleaning methods, use of chemicals, and use of equipment. The district provides appropriate equipment and supplies current with today's cleaning technologies in order to effectively maintain a clean, healthy environment. Every morning before school begins, the day custodians inspect facilities for safety hazards, graffiti, and other conditions that require removal prior to students and staff entering school grounds. On an annual basis, schools are required by the state to perform a comprehensive inspection and report those findings to the school community. The most recent inspection for Leuzinger High School took place on September 21, 2015. The School Facility Good Repair Status table illustrated in this report identifies the state-required inspection areas and discloses the operational status in each of those areas. During the 2015-16 school year 100% of restrooms were fully operational and available to students at all times.

We are currently planning on replacing the bleachers in Leuzinger's big gymnasium, rehabilitating our baseball field, and painting the exterior of our locker building. This work will begin during this school year. After we finish with these projects my next focus for 2016-17 will be the small gym.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Career Technical Education Programs (School Year 2015-16)

Workforce Preparation

Leuzinger High School’s career technical education courses, career academies, and regional occupational programs offer a wide range of opportunities for students to get a head start on their future. Counselors host special presentations to increase awareness of college and career exploration activities. Freshman visit the computer lab once each semester to participate in on-line career exploration, skills assessments, interest surveys, and research. Most career education courses comply with state-adopted content standards and integrated into the student’s four-year academic plan as elective courses. Individual student assessment of work readiness skills takes place through end-of-course exams, course-required projects, on-the-job/classroom observation, and student progress follow-up by counseling staff. Community partnerships and course instructors provide feedback on student progress following an established schedule based on program type. Regional Occupational Programs (ROP) are available off campus and help prepare high school students (16 years and older) for entry-level employment, upgrading current job skills, or obtaining more advanced levels of education.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Parent Involvement - Please contact our parent Liaiso, Yamilet Panduro at 310-263-2271

Parents are encouraged to get involved in Leuzinger High School's learning community by volunteering their time, attending school events, or sharing in the decision-making process. The school welcomes assistance:

- In the library
- Chaperoning field trips

Parent Learning Walks

- Presentations at parent meetings
- With athletics
- With student supervision

Parent representation is an integral component of the School Site Council, English Learner Advisory Council, WASC Team (Western Association of Schools and Colleges), and Parent Teacher Student Association (PTSA). Each of these groups is responsible for leading and evaluating the school's progress to provide a safe and effective learning environment. Parents seeking more information about becoming an active member in the school community may contact the school office at (310) 263-2200.

PIQE's signature program is the Parent Engagement Education. True to the organization's mission, the program educates parents on how to foster a positive educational environment for their children both at home and at school.

The program, which lasts nine weeks, is free to parents. Parents who participate learn how to create a positive and lasting educational environment at home using a number of proven academic success tools: dedicating a home study location and time of day for homework; creating ongoing dialog with their kids' surrounding their academic successes and challenges; and discussing children's college expectations.

Creating a bridge between home and school is also emphasized. Parents learn about how grades are used for college admittance; what classes are important and needed for children planning to attend college; how to navigate the school system, and other information vital to academic success of their child.

The class series culminates in a parent group meeting with the school principal, followed by a PIQE graduation ceremony. Parent graduation is a celebration that is typically very powerful to parents who may not have a formal education, and an opportunity for children to see their parents as graduates themselves.

Leuzinger High provides a broad range of activities and events to support the learning process in and beyond the classroom environment. Throughout the year, staff encourage parents to attend:

- Back to School Night
- Family Counseling
- Back on Track Night
- Open House
- Family Mediation
- Honor Roll Awards
- Parent Education
- Student Performances Workshops
- Subject-Based Night
- Title I Parent Meetings
- College Night
- Parent Institute for Quality Education (PI

School Safety Plan (School Year 2016-17)

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Leuzinger High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, dress code policy, and bully prevention policy. The school's most current safety plan was reviewed, updated, and shared with staff in winter 2016.

Professional Development (Most Recent Three Years)

Staff Development

All curriculum and instructional improvement activities at Centinela Valley Union High School District have been aligned to the Common Core State Standards. Staff development is selected and identified based upon student assessment results, state content standards, in-class observations and as the results of staff and student LCAP focus group data. During the 2016-2017 School Year, the district offered two voluntary non-student professional development days; one per semester. On the first offered voluntary PD day, teachers attended 90 minute workshops on the Learning Management System: Canvas, Achieving Rigor Through Reading, Writing & Collaboration (AVID strategies), Oral Academic Discourse Strategies (Pro Talk), and strategies for Supporting Our Students' Social & Emotional Health. The second day of PD offered an advanced level on the strategies previously listed. During the 2015-16 School Year, the district offered two mandatory non-student professional development days; the first PD day was devoted to district wide instruction and supplementary workshops on a wide range of topics. The second staff development day's activities were selected by each high school.

For the past two years, Centinela Valley has also provided a Summer Professional Development Week for teachers to work collaboratively on shared decision-making to develop Curriculum Maps, Common Summative and Formative Assessments, and to share best practices. Additionally in the Summer of 2016, teachers who attended the Summer PL week also had the opportunity to attend teacher led workshops including: Student Engagement Strategies (Interactive/Structured Notebooks, Cornell Notes, Inclusion Instructional Strategies and Grading Practices, Socratic Seminars, Supporting Long Term ELs, and Tutorials in the Content Areas); Use of Technology (LMS-Canvas, Google Drive, Effective use of Technology to Guide Learning & Instruction, Google Sites, and Google Apps); and Other Workshops (A-G College Entrance Requirements, SBAC Information and Resources, LCAP Overview, Grading Practices, Effective Parent Communication, and Introduction to Restorative Practices).

District wide Course Lead Teams received three full-day release days throughout the 2016-2017 school year to work together on developing course resources and assessments. During the Summer PL Week, course leads attended an extra day of training where they were given overall training on the LMS-Canvas, "Building a Collaborative Culture" through a shared understanding of the role of a citizen facilitator and Tools for collaboration, Google Drive, and the use of Data Protocol. Course leads were also responsible to facilitate the use of the district approved data protocol for their course during the site-based weekly collaboration meeting. For Science and Social Science course leads, Centinela Valley partnered with the UCLA Science and Social Science/History Project to develop leadership skills and curriculum.

Throughout the year, Centinela Valley Union High School District provided training and support for identified concentrations and district-wide implementation of new and ongoing programs.

Centinela Valley Union High School District and three other local districts (Lawndale, Lennox and Hawthorne) jointly supported new teachers in developing their teaching skills through the New Teacher Induction Program, which is designed for first- and second-year teachers holding a preliminary credential to earn their clear teaching credential. The New Teacher Summer Institute was a three-day program for teachers who were new to the district. Training sessions focused on engagement, active learning, and questioning (The Big Three), grading reform, data and accountability, BTSA (Beginning Teacher Support and Assessment), effective English language learner strategies, an overview of the district's special education program, equity and diversity, technology in the classroom, and classroom management. After successful completion of the one-year BTSA program through UCLA, teachers may apply for their clear teaching credential. All program participants are assigned to a veteran teacher who acts as a Mentor Teacher for individualized support and guidance.

Staff members are encouraged to attend professional workshops offered by the district, professional organizations, or the county office of education. Substitute teachers were invited to attend an annual training which covered many of the same topics as our new teacher orientation in order to better serve the students of the district. Classified support staff may have received additional job-related training by district representatives.

Site Based Professional Development

All supplemental staff development activities at Leuzinger High School focused on increasing student learning and proficiency. The principal with the support of the leadership identifies teacher training needs based upon WASC action plans, school goals, and analysis of student performance data. Teachers collaborate every Monday in departments and focus on 1) Data Analysis, 2) Teaching Strategies, 3) Classroom Management, 4) Positive Behavior Intervention Support, 5) Common Core State Standards, 6) AVID, 7) Response to Intervention. Teachers meet by grade level and in department teams beyond the school day to collaborate on specific program areas need. New teachers participate in monthly training activities that are offered after school once a month. The PD includes classroom management, understanding SBAC, supporting

EL's, incorporating AVID strategies into your classroom, understanding student data, common grading practices, use of technology and teachers best practices. In addition teachers have the opportunities to attend conferences and come back to the site and share information learned with their colleagues.
