I. About This School

AIMS Mission Statement

The focus of AIM Schools is family, accountability, high expectations and excellent student attendance (99.5%). We will provide students with an education to enhance their academic skills in English language arts, mathematics, science, social science, humanities, and physical fitness in order to compete in a free-market capitalistic society. This effort will be between family, business, community, and school.

Credo

The Family: We are a family at AIM Schools.

The Goal: We are always working for academic and social excellence.

The Faith: We will prosper by focusing and working toward our goals.

The Journey: We will go forward, continue working, and remember we will always be a part of the AIM Schools family.

Overview

AIPHS has become one of the highest performing high school in Oakland, with graduates currently attending Princeton, Stanford, MIT, Cornell, UC Berkeley, and many other first tier colleges and universities throughout the country. Committed to academic excellence, AIPHS's goal is to provide minority and socio-economically disadvantaged students with strong academic skills in Language Arts, Mathematics, Science, Social Studies, foreign language, Art, and Physical Education. AIPHS will continue to provide structure and student achievement to traditionally underserved urban students by:

- Improving the academic achievement of all students
- Closing the achievement gap of educationally disadvantaged students
- Focusing on student attendance
- Supporting effective educators
- Providing a structured learning environment

We provide a rigorous and engaging curriculum that challenges our students to succeed. We believe and adopt the axiom that all student can achieve and be academically successful. Students will achieve Mathematics, English, Language Arts, Science and Social Science at or above grade level. Our curriculum is closely linked to the Common Core Standards and the textbooks and pedagogy we use are aligned with those standards.

We will continue our contributions to the Oakland Unified School District's admirable mission to ensure that all students graduate as competent, critical thinkers and contributing citizens, prepared to succeed in a free market capitalistic society.

School History and Purpose

American Indian Public High School's Magee campus opened in June 2006 as a continuation of our Blue Ribbon-winning middle school, American Indian Public Charter School and is based on the American Indian Model (AIM-Schools).

We have an extension campus at 171 12th Street in Downtown Oakland because of the high demand from families. Eighty five percent of AIPHS's 9th grade students feed in from our middle school campuses.

American Indian Public High School opened in an effort to provide students from our middle school and the surrounding community with access to high quality teachers and a college preparatory, standards-based curriculum. In 2012, *Newsweek* named AIPHS the 32nd ranked high school in America. *US News & World Report* ranked AIPHS the top public high school in Oakland and 71st in America. The *US News & World Report* article also awarded AIPHS a “Gold Medal” for our student’s high level of college readiness. With a 2011 Academic Performance Index (API) of 964 out of 1000, AIPHS ranked first among Alameda County high schools. In 2007, it became the first high school in Oakland to score an API above 800. The focus of AIPHS is excellent student attendance (99.5%) which we believe is the foundation to ensure academic success. The curriculum is designed to enhance the academic skills of socio-economically disadvantaged students. Teachers provide AIPHS students with instruction that develops their skills in reading, writing, spelling, mathematics, science, social science, business, humanities, physical fitness and foreign language. These skills will ultimately help our students become competitive, well-equipped, and productive members of a free market capitalistic society. This is a collaborative effort between school, family and community.

Opportunities for Parental Involvement

American Indian Public Charter School encourages families to be involved in their child’s education. We have an open door visiting policy, in which parents can drop in and visit the classrooms at any time as long as they don’t interrupt class during instructional hours. At our school, parents have various means in which they can get involved. Please review the following:

1. A parent can serve on our Governance Board, School Site Council, or Family Advisory Council.
2. Parents are encouraged to be active at home by assuring that their child is completing all assigned work, by preparing a lunch for their child, and by making sure that their child leaves home for school on time.
3. Parents can also volunteer to chaperone field trips.
4. Parents are encouraged to come to the school site and speak with the site administrator whenever there is a concern.

However, we do not require any of our parents to fundraise or perform any clerical duties.

AIPHS Guarantee: Follow our model and your child will be prepared to graduate from college.

School Safety Plan (School Year 2014–15)

Safety is one of our utmost concerns. To ensure the safety of our students, we have done the following things:

1. Conducted monthly fire drills
2. Practiced meeting at a predetermined location in case of a fire
3. Hired a fire safety expert to inspect our fire alarm and fire extinguisher every year
4. Ensured all classrooms have an emergency kit in the classrooms
5. Trained each teacher to respond to earthquake and fire emergency
6. Practiced the “duck and cover routine” for earthquakes
7. Updated our emergency kit with first-aid and disaster supplies.

Music Program

AIPHS is always looking for innovative ways to stimulate and challenge our students. Our students have the opportunity to participate in violin classes. The classes are taught by the esteemed music educator, Michael Mullun. Mr. Mullun has taught music in schools for numerous years.

Teacher Professional Development

Each school year, our teachers have opportunities to participate in a variety of teacher workshops. In August, teachers participate in staff training workshops which include sessions on how to teach English as a Second Language (ESL), classroom management, reading strategies, test taking skills, writing for different audiences, and AP Vertical Teaming. This year the teachers participated in a Common Core training session. Additionally, each month, teachers participate in teacher collaboration meetings which focus on topics ranging from test preparation and professional learning communities to differentiated instruction.

The No Child Left Behind (NCLB) Act of 2001 embodies four key principles:

- stronger accountability for results;
- greater flexibility and local control for states, school districts, and schools in the use of federal funds
- enhanced parental choice for parents of children from disadvantaged backgrounds, and
- a focus on what works, emphasizing teaching methods that have been demonstrated to be effective.

(Text of the legislation can be found at <http://www.cde.ca.gov/nclb/fr/>.)

In May 2002, California's State Board of Education (SBE) demonstrated the state's commitment to the development of an accountability system to achieve the goals of NCLB by adopting five **Performance Goals**:

- 1. All students will reach high standards, at a minimum attaining proficiency or better in reading and mathematics, by 2014-2015.**
- 2. All limited-English-proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.**
- 3. By 2014-2015, all students will be taught by highly qualified teachers.**
- 4. All students will be educated in learning environments that are safe, drug-free, and conducive to learning.**
- 5. All students will graduate from high school.**

In addition, 12 performance indicators linked to those goals were adopted (see Appendix A), as specified by the U.S. Department of Education (USDE). Performance targets, developed for each indicator, were adopted by the SBE in May 2003.

Collectively, NCLB's goals, along with the performance indicators and targets, constitute California's framework for ESEA accountability. This framework provides the basis for the state's improvement efforts, informing policy decisions by SBE, and implementation efforts by CDE to fully realize the system envisioned by NCLB. It also provides a basis for coordination with California's Legislature and the Governor's Office.

Since 1995, California has been building an educational system consisting of five major components:

- rigorous academic standards
- standards-aligned instructional materials
- standards-based professional development
- standards-aligned assessment
- an accountability structure that measures school effectiveness in light of student achievement.

As a result, California is well positioned to implement the tenets of NCLB.

State and federally funded initiatives aimed at improving student achievement must complement each other and work in tandem in order to have the greatest impact. In California, the state and federal consolidated applications, competitive grants, the state accountability system, the Categorical Program Monitoring process, **local educational agency plans**, professional development opportunities, and technical assistance all are moving toward a level of alignment and streamlining. The result of this consolidation will be to provide a cohesive, comprehensive, and focused effort for supporting and improving the state's lowest-performing schools and appropriate reporting mechanisms.

Descriptions of the Consolidated Application, the Local Education Agency Plan, and the Categorical Program Monitoring

In order to meet legislative requirements for specific state and federal programs and funding, California currently employs four major processes: the Consolidated State Application, the Local Educational Agency Plan, the school-level Single Plan for Student Achievement, and Categorical Program Monitoring. **California is moving toward more closely coordinating and streamlining these processes to eliminate redundancies and make them less labor intensive for LEA's, while continuing to fulfill all requirements outlined in state and federal law.**

Below is a brief description of the ways in which these various processes currently are used in California.

The Consolidated Application (ConApp)

The Consolidated Application is the *fiscal* mechanism used by the California Department of Education to distribute categorical funds from various state and federal programs to county offices, school districts, and charter schools throughout California. Annually, in June, each LEA submits Part I of the Consolidated Application to document participation

in these programs and provide assurances that the district will comply with the legal requirements of each program. Program entitlements are determined by formulas contained in the laws that created the programs.

Part II of the Consolidated Application is submitted in the fall of each year; it contains the district entitlements for each funded program. Out of each state and federal program entitlement, districts allocate funds for indirect costs of administration, for programs operated by the district office, and for programs operated at schools.

The Single Plan for Student Achievement (School Plan)

State law requires that school-level plans for programs funded through the Consolidated Application be consolidated in a *Single Plan for Student Achievement (Education Code Section 64001)*, developed by schoolsite councils with the advice of any applicable school advisory committees. LEA's allocate NCLB funds to schools through the Consolidated Application for Title I, Part A, Title III (Limited English Proficient), and Title V (Innovative Programs/Parental Choice). LEA's may elect to allocate other funds to schools for inclusion in school plans. The content of the school plan includes school goals, activities, and expenditures for improving the academic performance of students to the proficient level and above. The plan delineates the actions that are required for program implementation and serves as the school's guide in evaluating progress toward meeting the goals.

The Local Educational Agency Plan (LEA Plan)

The approval of a Local Educational Agency Plan by the local school board and State Board of Education is a requirement for receiving federal funding subgrants for NCLB programs. The LEA Plan includes specific descriptions and assurances as outlined in the provisions included in NCLB. In essence, LEA Plans describe the actions that LEAs will take to ensure that they meet certain ***programmatic*** requirements, including student academic services designed to increase student achievement and performance, coordination of services, needs assessments, consultations, school choice, supplemental services, services to homeless students, and others as required. In addition, LEA Plans summarize assessment data, school goals and activities from the *Single Plans for Student Achievement* developed by the LEA's schools.

Categorical Program Monitoring (CPM)

State and federal law require CDE to monitor the implementation of categorical programs operated by local educational agencies. This state-level oversight is accomplished in part by conducting on-site reviews of eighteen such programs implemented by local schools and districts. Categorical Program Monitoring is conducted for each district once every four years by state staff and local administrators trained to review one or more of these programs. The purpose of the review is to verify ***compliance*** with requirements of each categorical program, and to ensure that program funds are spent to increase student achievement and performance.

Development Process for the LEA Plan

LEAs must develop a single, coordinated, and comprehensive Plan that describes the educational services for all students that can be used to guide implementation of federal and state-funded programs, the allocation of resources, and reporting requirements. The development of such a plan involves a continuous cycle of assessment, parent and community involvement, planning, implementation, monitoring, and evaluation. The duration of the Plan should be five years. The Plan should be periodically reviewed and updated as needed, but at least once each year.

In developing the Plan, the LEA will review its demographics, test results, performance, and resources. Given that the majority of such information is readily available in the School Accountability Report Card (SARC), the Standardized Testing and Reporting (STAR) performance results, the Academic Performance Index (API) results, and other data sources, the LEA will find the data easy to access via the Internet. (See Appendix B for links to each of the web sites containing student and staff demographic information, SARC, STAR, and API data.) **The LEA is expected to gather and review its own information from these resources and use it to inform the planning process.**

The LEA Plan can serve as a summary of all existing state and federal programs and establish a focus for raising the academic performance of all student groups to achieve state academic standards. In the context of this plan, improvements in instruction, professional development, course offerings, and counseling and prevention programs are means of achieving specific academic and support services goals for all groups of students, including identified under-performing student groups. **Federal law requires that school site administrators, teachers and parents from the LEA (which includes direct-funded charter schools) must be consulted in the planning, development, and revision of the LEA Plan.**

The LEA Plan can be completed using the following recommended steps for plan development.

Step One: Measure the Effectiveness of Current Improvement Strategies

Analyze Student Performance

Conduct a comprehensive data analysis of student achievement, including multiple measures of student performance. Identify all relevant assessments and apply thoughtful analyses of current educational practices to establish benchmarks aimed at raising academic performance for all students, especially identified student groups.

Tables of data for your schools and district are available online:

- API Reports - <http://www.cde.ca.gov/ta/ac/ap>
- Standardized Testing and Reporting (STAR) data - <http://www.cde.ca.gov/ta/tg/sr>
- LEA Accountability Reports of Annual Measurable Achievement Objectives (AMAOs) for English learners - <http://www.cde.ca.gov/sp/el/t3/acct.asp>
- AYP Reports – <http://www.cde.ca.gov/ta/ac/ay>

Analyze Current Educational Practices, Professional Development, Staffing, and Parental Involvement

Identify, review, and analyze data and related information on factors such as educational practices, parent and community involvement, professional development, support services, and resources that have an impact on student learning.

Over the past several years, CDE has developed several self-assessment tools that schools and districts can use to evaluate these factors and others needed to support academic student achievement:

- The Academic Program Survey (APS) – school-level survey of status of implementation of the nine essential program components
- District Assistance Survey (DAS) – district-level survey of status of implementation of nine essential program components
- Least Restrictive Environment Assessment – to examine educational practices for students with disabilities
- English Learner Subgroup Self Assessment (ELSSA) – to improve outcomes for English Learners

These tools can be found in the Virtual Library on the CDE web site at <http://www.cde.ca.gov/ta/lp/vl/improvtools.asp>.

(See Part II, Needs Assessment, for further details.)

Step Two: Seek Input from Staff, Advisory Committees, and Community Members

Seek the input of teachers, administrators, councils, committees, and community members (e.g., school site council; school health council; committees for Limited English Proficient, state compensatory education, gifted and talented education, special education, etc.) The most effective plans are those supported by the entire LEA community. The integration of existing program plans, such as Immediate Intervention/Underperforming Schools Program, High Priority Schools Grant Program, Alternative Education Programs, Focus on Learning: Secondary School Accreditation, and others does not eliminate any program requirements. The combined process must include the requirements of every program involved.

Step Three: Develop or Revise Performance Goals

Using the five NCLB performance goals and indicators (see Appendix A), develop local performance targets that are: a) derived from school and student subgroup performance data and analysis of related, scientifically based educational practices; b) attainable in the period specified in this Plan and consistent with statewide targets for all students and subgroups; c) specific to the participants (i.e., students, teachers, administrators, paraprofessionals); and d) measurable.

Step Four: Revise Improvement Strategies and Expenditures

For **district-operated** programs, identify the participants, expected performance gains, and means of evaluating gains. Indicate specific improvements and practical monitoring of their

implementation and effectiveness. For **school-operated programs**, summarize those same elements from approved *Single Plans for Student Achievement*.

Identify available resources. Aside from fiscal resources available through federal and state funding, programmatic resources are available on the CDE Web site at <http://www.cde.ca.gov>. The Consolidated Application provides funding for **district-operated programs** (including reservations from Title I for various purposes, Title II, Title IV, and Tobacco-Use Prevention) as well as for **school-operated programs** (including Title I, Parts A and D, Title III, Title V, School Improvement, Economic Impact Aid, and 10th Grade Counseling).

Step Five: Local Governing Board Approval

The LEA Plan must be approved by the local governing board prior to submittal to CDE. Ensure that all required signatures are affixed. All subsequent amendments should be approved by the local governing board and kept on file with the original LEA Plan.

Step Six: Monitor Implementation

To verify achievement of performance targets, monitor areas such as: a) assignment and training of highly qualified staff; b) identification of participants; c) implementation of services; d) provision of materials and equipment; e) initial and ongoing assessment of performance; and f) progress made toward establishing a safe learning environment.

The analysis of data (student, school-wide, support services, professional development) is part of the ongoing program monitoring and evaluation. When results are ***not*** as expected, it may be helpful to consider the following: a) How are performance targets and activities based on student performance and factual assessment of current educational practice? b) How educationally sound is the plan to help reach the targets? c) How timely and effectively is the plan being implemented? d) If the plan has not been implemented as written, what were the obstacles to implementation?

You may use the checklist on the next page to indicate planning steps as they are completed.

Needs Assessment

The passage of NCLB imposes a number of significant new requirements on LEAs as conditions for funding provided at the state and local levels. Among these are reporting requirements designed to facilitate accountability for improving **student academic performance, teacher quality, and school safety**. As such, a needs assessment to determine strengths and weaknesses in these areas must be conducted.

In determining specific areas of need to be addressed in the Plan, the LEA should review its demographics, test results, and resources. The majority of such information is readily available on the LEA's School Accountability Report Card (SARC), the Standardized Testing and Reporting (STAR) performance results, the California English Language Development Test (CELDT) results, the Academic Performance Index (API) results, CBEDS, DataQuest, and other data sources. This data is easily accessible via the Internet (see Appendix B for links to each of the Web sites that contain student and staff demographic information, SARC, STAR, CELDT, and API data). The LEA is expected to gather and review its own information from these resources to determine strengths and needs and to shape the planning process.

Academic Performance

The needs assessment should include a focus on the academic areas highlighted in California's Performance Goals 1, 2, 3, and 5 (see Appendix A for a full listing of all of California's Performance Goals and Indicators), including:

- Statewide standards, assessment, and accountability
- Local assessments and accountability
- Coordination and integration of federal and state educational programs
- The LEA academic assessment plan

Teacher Quality

Another component of the needs assessment should examine local needs for professional development and hiring. LEA teachers and administrators should participate in this process to identify activities that will provide:

- teachers with the subject matter knowledge and teaching skills to provide all students the opportunity to meet challenging state academic achievement standards, and
- principals the instructional leadership skills to help teachers provide all students the opportunity to meet the state's academic achievement standards.

School Safety and Prevention

The LEA needs assessment also focuses on Performance Goal 4 (see Appendix A). It is based on an evaluation of objective data regarding the incidence of violence, alcohol, tobacco, and other illegal drug use in the elementary and secondary schools and the communities to be served. It includes the objective analysis of the current conditions and consequences regarding violence, alcohol, tobacco, and other illegal drug use, including delinquency and serious discipline problems, among students who attend such schools (including private school students who participate in the drug and violence prevention program). This analysis is based on ongoing local assessment or evaluation activities (Sec. 4115 (a)(1)(A). California's Healthy Kids Survey may

also provide useful information in this area. The Survey is available at http://www.wested.org/pub/docs/chks_survey.html.

Descriptions – District Planning

Once local strengths and needs are identified as a result of examining and evaluating current district-level data, specific descriptions can be written of how program goals will be implemented to improve student academic achievement. **On the pages that follow, the LEA will provide descriptions and information about how it plans to address the requirements of NCLB based upon results of the needs assessment.** Collectively, these descriptions, along with the Assurances in Part III of this document, comprise the LEA Plan.

District Profile

In the space below, please provide a brief narrative description of your district. Include your district's vision/mission statement and any additional information about the make-up of your district, including grade levels and demographics of students served, in order to provide background and a rationale for the descriptions included in the LEA Plan.

Vision and Mission

Our mission is to ensure students graduate fully capable of competing as productive members in a free market capitalistic society. AIPCS aims to build motivated students who are prepared to enter high school and college. Toward that end, American Indian Public Charter School:

1. Enforces excellent student attendance
2. Provides students with classroom-based learning to enhance their academic skills in six main content areas: English, mathematics, science, social studies, foreign language, and the arts
3. Provides a rigorous, standards-based environment with a focus on the values of mutual respect and hard work
4. Involves the school, familiar and the community in a collaborative effort in order to achieve these goals
5. All staff is expected to teach to the highest standards. ~~The district is a k-12 district. However, this LEA is germane to AIPCS.~~

Local Measures of Student Performance (*other* than State-level assessments)

Per NCLB Section 1112 regarding Local Educational Agency Plans, each LEA must provide the following descriptions in its Plan:

A description of high-quality student academic assessments, *if any*, that are in addition to the academic assessments described in the State Plan under section 1111(b) (3), *that the local educational agency and schools served under this part will use to:*

- a) determine the success of students in meeting the State student academic achievement standards and provide information to teachers, parents, and students on the progress being made toward meeting student academic achievement standards;
- b) assist in diagnosis, teaching, and learning in the classroom in ways that best enable low-achieving students to meet State student achievement academic standards and do well in the local curriculum;
- c) determine what revisions are needed to projects under this part so that such children meet the State student academic achievement standards; and
- d) identify effectively students who may be at risk for reading failure or who are having difficulty reading, through the use of screening, diagnostic, and classroom-based instructional reading assessments.

If the LEA uses such assessments in addition to State Academic assessments, please provide a succinct description below, and indicate grade levels and students served with such assessments.

Also, please describe any other indicators that will be used in addition to the academic indicators described in Section 1111 for the uses described in that Section.

We continue in the 2014-15 school year to focus on across-the-board excellence for our students, including the following:

1. Instruction focusing on the core subject areas of English language arts, math, science, and social studies
2. High quality instruction with talented and accomplished teachers and staff
3. Additional instruction will be available before and after school, and on weekends
4. Students with low test scores and grades will be required to participate in extra tutoring

High quality is in reference to the courses in which each student is scheduled, including ELA, math, social science, science, and art. Additionally, all of the students are required to take Algebra in the 8th grade and be prepared to enroll in geometry in the 9th grade.

Performance Goal 1: All students will show grade level proficiency in English language art by the end of the 2014-2015 academic year.

Planned Improvement in Student Performance in Reading

(All students will receive 120 minutes each day in ELA, after school tutoring for 60 minutes if they score a C or below on progress reports, and language acquisition support from the resource teacher.)

Description of Specific Actions to Improve Education Practice in Reading	Persons Involved/ Timeline	Related Expenditures	Estimated Cost	Funding Source
1. Performance Goal 3: *By 2014-15, all students will be taught by highly qualified teachers.*

Summary of Needs and Strengths for Professional Development

Based on a needs assessment of teacher data for your district, include a narrative that describes areas of needed professional development and areas where adequate professional development opportunities exist.

The faculty will consist of highly qualified teachers who are well supported and trained in several areas of culturally relevant teaching, student and parent communication, and proven practices. Additionally, all of our teachers will hold appropriate teaching certifications. Several professional development activities are scheduled for the teachers and staff. They include constructing/effectively utilizing planning time and other opportunities for collaboration, incorporating best practices in lesson planning and effective teaching, cultivate mentoring/coaching relationships with new teachers, analyze student performance data, and understanding infusing Common Core into lesson planning and daily teaching.

[Description of activities under Title II, Part A, Subpart 1, Grants to LEA]

<p>STRENGTHS</p> <ul style="list-style-type: none"> • Professional Development on the Common Core • Professional Development on Data Disaggregation • Subject Specific Professional Development • Collaboration Time(grade level and cross grade level) • We have established a timeline for professional development after the 1st report card period • Also we have anchored the Friday after the progress report to look at assessments and determine if they can be used to assist in lesson planning, formative and interim assessments. 	<p>NEEDS</p> <ul style="list-style-type: none"> • More Professional Development on classroom management • Professional Development on bridging the gap between CCSS and California Standards • Professional Development on differentiation, assessment, pedagogy/curriculum, and pedagogy/classroom management

Science Based Programs (4115 (a)(1)(C)):

The LEA must designate and list the science-based programs (programs proven by science to effectively prevent tobacco use, alcohol use, other drug use, and violence) selected from Appendix C. From Appendix C, list the scientifically based programs the LEA will adopt and implement to serve 50 percent or more of the students in the target grade levels. Indicate below your program selections, and provide all other requested information.

Science-Based Program Name	Program ATODV Focus	Target Grade Levels	Target Population Size	Purchase Date	Staff Training Date	Start Date
Across Ages	Alcohol, Tobacco, Drugs, and Youth Development	9-12	3	Summer of 2015	Fall of 2015	Fall of 2015

Positive Action	Alcohol, Tobacco, Drugs, Violence, and Youth Development	9-12	3	Summer of 2015	Fall of 2015	Fall of 2015

Research-based Activities (4115 (a)(1)(C)):

Based on the research cited in Appendix D, check the box for each activity the LEA will implement as part of the comprehensive prevention program and provide all other requested information.

Promising or Favorable Programs (4115 (a)(3)):

The LEA may – but is not required to – designate and list the promising or favorable programs (programs whose effectiveness is not as strongly established though scientific evidence) selected from Appendix E. From Appendix E, list the promising or favorable programs the LEA will adopt and implement to serve 50 percent or more of the students in the target grade levels. Indicate below your program selections, and provide all other requested information.

Promising Program name	Program ATODV Focus	Target Grade Levels	Target Population Size	Purchase Date	Staff Training Date	Start Date

Waiver to Adopt Promising or Favorable Programs not listed in Appendix E:

Check the box below if the LEA will submit an application for waiver in order to include other promising or favorable programs not found in Appendix E. Programs not listed in Appendix E will be considered on a case-by-case basis. The LEA must demonstrate that the program for which a waiver is requested is legitimately innovative or demonstrates substantial likelihood of success. The CDE will provide under separate cover additional information and the forms for submitting a waiver request.

Analysis of Data for Selection of Programs and Activities (4115 (a)(1)(D)):

For each selected Appendix C programs or Appendix D activities, provide a brief narrative rationale based on the LEA’s analysis of CSS, CHKS, and CSSA data related to why the LEA selected these programs and activities for implementation.

After School Programs-We are very active in providing after school programs. Even though we don’t presently receive funding for after school programs, we know, from research, how beneficial it is for students’ overall growth. Therefore, we offer such programs as urban gardening, sports activities, debate, and academic competitions.

Early Intervention and Counseling-Again, we receive no funding for this programs. However, we see the need to address any issue early on if it might interfere with the students’ academic success.

Mentoring-According to our Model, mentoring is one of the most beneficial programs to institute at any school. We are supporters of a mentoring program because it teaches responsibility, care, and organization.

School Policies-According to our handbook, understanding and adhering to policies is one of the first practices that will afford an individual the opportunity to excel in society. We believe that if one learns to follow established policies, he or she will learn to successfully navigate the impediments of society.

Tobacco-Use Cessation-Because we noticed that there was some tobacco use by our students, we feel it is important to teach the harm that it might cause in future years if not addressed at an early stage.

Evaluation and Continuous Improvement (4115 (a)(2)(A)):

Provide a description for how the LEA will conduct regular evaluations of the effectiveness of the LEA's alcohol, tobacco, other drug use and violence prevention program. Describe how the results of the evaluation will be used to refine, improve and strengthen the program.

All students in the programs will be given a survey of the number of times they use either alcohol, tobacco, other drugs and the number times they conduct or see a violent act. The data collected will provide a baseline from which we will compare and contrast data. Students will have the opportunity to draw and interpret graphs of the composite use of the participants in the study. Also, students will have the opportunity to compare and contrast the data with the national average of those individuals their ages.

Use of Results and Public Reporting (4115 (a)(2)(B)):

Describe the steps and timeline the LEA will use to publicly report progress toward attaining performance measures for the SDFSC and TUPE programs. Describe how the evaluation results will be made available to the public including how the public will be provided notice of the evaluation result's availability.

We will not be held to reporting data because we do not participate in the TUPE program.

Mandatory Safe and Drug Free Schools and Communities (4114(d)(2)(E)):

Briefly describe how SDFSC funded program services will be targeted to the LEA's schools and students with the greatest need. (Section 4114 [d][3])

We are not funded in this area.

Coordination of All Programs (4114 (d)(2)(A)):

Provide a detailed, but brief, explanation of how the LEA will coordinate SDFSC funded alcohol, tobacco, other drug and violence prevention programs with other federal state and local prevention programs.

We are not funded in this area.

Parent Involvement (4115 (a)(1)(e)):

Provide a brief, but detailed, description of the parent involvement and describe the parent notification procedures used to meet requirements under NCLB Title IV, Part A – SDFSC program.

We have established several program that address parent issues and concerns, such as the ELAC, FAC, and the SSC. The site administrator also send home a parent communiqué every two weeks in order to maintain communication with parents. Also, the teachers meet with the parents and log the times they have communication with them on the “contact logs.” Also, we hold annual back-to-school nights during the fall and an open house during the spring. We are implementing the use of Powerschool which will be an electronic system that parent can use to contact the teacher, monitor their child’s homework, review the lesson plans, and review the grading policy.

TUPE Services for Pregnant Minors and Minor Parents (H&SC 104460):

Describe the TUPE services and referral procedures for pregnant minors and minor parents enrolled in the LEA and how they will be provided with tobacco-use prevention services. Include students participating in programs such as the California School Age Families Education (Cal-SAFE) program, the Adolescent Family Life Program (AFLP) administered through the Department of Health Services, and the Cal-Learn program administered by the Department of Social Services.

This does not apply. Again, this is not a funded program and we are not taking advantage of the services.

TUPE Funded Positions (Health & Safety Code 104420(b)(3)):

Provide full time equivalent (FTE) staffing configuration for all TUPE funded positions. (Health and Safety Code section 104420 [b](3))

Position/Title	Full time equivalent

Performance Goal 5: *All students will graduate from high school.*

Planned Improvements: High School Graduation Rates, Dropouts, and AP

This section of the plan is intended to reflect the LEA’s efforts to reduce the percentage of students dropping out of school, and therefore, increase the percentage of students who graduate from high school. Also include a description below of the LEA’s efforts to ensure that all students have equal access to advanced placement (AP) opportunities.

Performance Indicator	Activities/Actions	Students Served	Timeline/ Person(s) Involved	Benchmarks/ Evaluation	Funding Source
5.1 (High School Graduates)	We have a 100% graduation rate.	214	administration, teachers, staff, parents, students	Report cards, attendance reports, graduation list	Gen. Fund, Title I, Title III
5.2 (Dropouts)	We have not experienced a dropout from our school. We maintain communication with the parents and the students on a constant basis, especially when we think there might be a problem.	214	On-going/administration, teachers, staff, parents	Report cards, attendance reports, graduation list	Gen. Fund, Title I, Title III

5.3 (Advanced Placement)	All of our students take AP classes. We provide tutoring for all of our students who experience difficulty.	214	On-going/administration, teachers, students	Report cards, interim assessments	Gen. Fund, Title I, Title III

Additional Mandatory Title I Descriptions

Please include in the space below the following descriptions mandated by NCLB legislation. If the LEA has already included any of the descriptions, they do not need to be provided again here; please indicate the page number or section of the Plan where this information is included.

<p>Describe the measure of poverty that will be used to determine which schools are eligible for Title I funding in accordance with Section 1113, "Eligible School Attendance Areas."</p>	
	<p>Description of how the LEA is meeting or plans to meet this requirement:</p>
<p>Identify one of the following options as the low-income measure to identify schools eligible for Title I funding:</p> <ul style="list-style-type: none"> • Number of children in families receiving assistance under the CalWorks program; • Number of children eligible for Free/Reduced Price Lunch programs; • Number of children ages 5-17 in poverty counted by the most recent census data; • Number of children eligible to receive medical assistance under the Medicaid program; • Or a composite of the above. 	<ul style="list-style-type: none"> • Number of children eligible for Free/Reduced Price Lunch programs: <p>We use the Free and Reduced Priced Lunch Form. It is given to all of students at the beginning of the year. Their parents fill out the form and return it to the school the information is then put into Powerschool, which is then transported to Calpads.</p>
<p>Describe how the low-income measure described above is used to rank and select schools to receive Title I funds</p> <ul style="list-style-type: none"> • All schools with a 75% or above poverty level are funded • All other schools are funded by poverty ranking district wide or by grade span. 	<p>The total number of students that qualify for the program based on the form that is returned to the school and evaluated for being correctly filled out, is divided by the total students in the school. Upon reaching the targeted number for being a School Wide Program, the school is categorized as such.</p>

(continued)**

Please provide a general description of the nature of the programs to be conducted by the LEA’s schools under Sections 1114, “Schoolwide Programs,” and/or Section 1115, “Targeted Assistance Schools.” Direct-funded charters and single school districts, if conducting a schoolwide program authorized under Section 1114, may attach a copy of the Schoolwide Plan or Single Plan for Student Achievement in lieu of this description. All ten of the required components must be addressed. (For more information on Schoolwide, please go to <http://www.cde.ca.gov/sp/sw/rt/>; for Targeted Assistance go to <http://www.cde.ca.gov/sp/sw/rt/tasinfo.asp>).

	Description of how the LEA is meeting or plans to meet this requirement:
<p>For schoolwide programs (SWP), describe how the LEA will help schools to bring together all resources to upgrade the entire educational program at the school and include assistance in activities such as:</p> <ul style="list-style-type: none"> • A comprehensive needs assessment of the entire school in relation to state standards. Schoolwide reform strategies that provide opportunities for all children to meet state standards. • Effective methods and instructional strategies based on scientifically-based research. • Strategies that give primary consideration to extended learning time, extended school year, before and after school and summer programs. • Proven strategies that address the needs of historically underserved students, low achieving students, and those at risk of not meeting state standards. • Instruction by highly qualified teachers and strategies to attract and keep such teachers. • High quality and ongoing professional development for teachers, principals, paraprofessionals, and if appropriate, pupil services personnel, parents and other staff. • Strategies to increase parental involvement. 	<ol style="list-style-type: none"> 1. The school has completed an in-depth needs assessment of the students’ progress this year. The comprehensive data collected from the formative and interim assessments were analyzed to determine the students’ academic needs. According to the recent needs assessment survey of students, there is a significant need in the areas of reading, writing, and comprehension. There is also significant need in mathematics. We will monitor student needs on an ongoing basis using teacher made test, book tests, interim assessments, and teacher qualitative assessment. 2. Student in grades 9-12 at American Indian Public Charter School remain in one classroom for all academic and elective subjects except for physical education. Student do not rotate classes. This results in increased instructional time in each academic subject. The result is increased student attendance, increase test scores and reduced discipline problems, in the school. 3. All students enrolled at this schools participate in the summer school or other summer academic programs, regardless of demonstrated achievement during the year. This policy allows student who are behind to gain additional instruction, while giving more advanced students

<ul style="list-style-type: none"> • Assistance to preschool children in transitioning from early childhood programs to elementary school programs. • Timely and effective additional assistance to students who experience difficulty mastering state standards. 	<p>opportunities to challenge themselves academically. ASSURANCES

To assure the LEA's eligibility for funds included in this Plan, the Superintendent must provide an original signature below attesting to compliance with all of the following statements.

GENERAL ASSURANCES

1. Each such program will be administered in accordance with all applicable statutes, regulations, program plans, and applications.
2. The LEA will comply with all applicable supplement not supplant and maintenance of effort requirements.
3. (a) The control of funds provided under each program and title to property acquired with program funds will be in a public agency, a non-profit private agency, institution, organization, or Indian tribe, if the law authorizing the program provides for assistance to those entities; (b) the public agency, non-profit private agency, institution or organization, or Indian tribe will administer the funds and property to the extent required by the authorizing law.
4. The LEA will adopt and use proper methods of administering each such program, including – (a) the enforcement of any obligations imposed by law on agencies, institutions, organizations, and other recipients responsible for carrying out each program; and (b) the correction of deficiencies in program operations that are identified through audits, monitoring, or evaluation.
5. The LEA will cooperate in carrying out any evaluation of each such program conducted by, or for, the State educational agency, the Secretary, or other Federal officials.
6. The LEA will use such fiscal control and fund accounting procedures as will ensure proper disbursement of, and accounting for, Federal funds paid to the applicant under each such program.
7. The LEA will – (a) submit such reports to the State educational agency (which shall make the reports available to the Governor) and the Secretary as the State educational agency and Secretary may require to enable the State educational agency and Secretary to perform their duties under each such program; and (b) maintain such records, provide such information, and afford such access to the records as the State educational agency (after consultation with the Governor) or the Secretary may reasonably require to carry out the State educational agency's or the Secretary's duties.
8. The LEA has consulted with teachers, school administrators, parents, and others in the development of the local consolidated application/LEA Plan to the extent required under Federal law governing each program included in the consolidated application/LEA Plan.
9. Before the application was submitted, the LEA afforded a reasonable opportunity for public comment on the application and considered such comment.

- 9a. The LEA will provide the certification on constitutionally protected prayer that is required by section 9524.
10. The LEA will comply with the armed forces recruiter access provisions required by section 9528.

TITLE I, PART A

The LEA, hereby, assures that it will:

11. Participate, if selected, in the State National Assessment of Educational Progress in 4th and 8th grade reading and mathematics carried out under section 411(b)(2) of the National Education Statistics Act of 1994.
12. If the LEA receives more than \$500,000 in Title I funds, it will allow 1% to carry out NCLB Section 1118, Parent Involvement, including promoting family literacy and parenting skills; 95% of the allocation will be distributed to schools.
13. Inform eligible schools and parents of schoolwide program authority and the ability of such schools to consolidate funds from Federal, State, and local sources.
14. Provide technical assistance and support to schoolwide programs.
15. Work in consultation with schools as the schools develop the schools' plans pursuant to section 1114 and assist schools as the schools implement such plans or undertake activities pursuant to section 1115 so that each school can make adequate yearly progress toward meeting the State student academic achievement standards.
16. Fulfill such agency's school improvement responsibilities under section 1116, including taking actions under paragraphs (7) and (8) of section 1116(b).
17. Provide services to eligible children attending private elementary schools and secondary schools in accordance with section 1120, and timely and meaningful consultation with private school officials regarding such services.
18. Take into account the experience of model programs for the educationally disadvantaged, and the findings of relevant scientifically based research indicating that services may be most effective if focused on students in the earliest grades at schools that receive funds under this part.
19. In the case of an LEA that chooses to use funds under this part to provide early childhood development services to low-income children below the age of compulsory school attendance, ensure that such services comply with the performance standards established under section 641A(a) of the Head Start Act.
20. Work in consultation with schools as the schools develop and implement their plans or activities under sections 1118 and 1119 and *California Education Code Section 64001*.
21. Comply with requirements regarding the qualifications of teachers and paraprofessionals and professional development.

22. Inform eligible schools of the local educational agency's authority to obtain waivers on the school's behalf under Title IX.
23. Coordinate and collaborate, to the extent feasible and necessary as determined by the local educational agency, with the State educational agency and other agencies providing services to children, youth, and families with respect to a school in school improvement, corrective action, or restructuring under section 1116 if such a school requests assistance from the local educational agency in addressing major factors that have significantly affected student achievement at the school.
24. Ensure, through incentives for voluntary transfers, the provision of professional development, recruitment programs, or other effective strategies, that low-income students and minority students are not taught at higher rates than other students by unqualified, out-of-field, or inexperienced teachers.
25. Use the results of the student academic assessments required under section 1111(b)(3), and other measures or indicators available to the agency, to review annually the progress of each school served by the agency and receiving funds under this part to determine whether all of the schools are making the progress necessary to ensure that all students will meet the State's proficient level of achievement on the State academic assessments described in section 1111(b)(3) within 12 years from the baseline year described in section 1111(b)(2)(E)(ii).
26. Ensure that the results from the academic assessments required under section 1111(b)(3) will be provided to parents and teachers as soon as is practicably possible after the test is taken, in an understandable and uniform format and, to the extent practicable, provided in a language or other mode of communication that the parents can understand.
27. Assist each school served by the agency and assisted under this part in developing or identifying examples of high-quality, effective curricula consistent with section 1111(b)(8)(D) and *California Education Code Section 64001*.
28. Ensure that schools in school improvement status spend not less than ten percent of their Title I funds to provide professional development (in the area[s] of identification to teachers and principals) for each fiscal year.
29. Prepare and disseminate an annual LEA report card in accordance with section 1111(h)(2).
30. Where applicable, the applicant will comply with the comparability of services requirement under section 1120A(c). In the case of a local educational agency to which comparability applies, the applicant has established and implemented an agency-wide salary schedule; a policy to ensure equivalence among schools in teachers, administrators, and other staff; and a policy to ensure equivalence among schools in the provision of curriculum materials and instructional supplies. Documentation will be on file to demonstrate that the salary schedule and local policies result in comparability and will be updated biennially.

TITLE I, PART D – SUBPART 2

31. Where feasible, ensure that educational programs in the correctional facility are coordinated with the student's home school, particularly with respect to a student with an individualized education program under Part B of the Individuals with Disabilities Education Act.

32. Work to ensure that the correctional facility is staffed with teachers and other qualified staffs that are trained to work with children and youth with disabilities taking into consideration the unique needs of such children and youth.
33. Ensure that the educational programs in the correctional facility are related to assisting students to meet high academic achievement standards.

TITLE II, PART A

34. The LEA, hereby, assures that:

- The LEA will target funds to schools within the jurisdiction of the local educational agency that:
(A) have the lowest proportion of highly qualified teachers;
(B) have the largest average class size; or
(C) are identified for school improvement under section 1116(b).
- The LEA will comply with section 9501 (regarding participation by private school children and teachers).
- The LEA has performed the required assessment of local needs for professional development and hiring, taking into account the activities that need to be conducted in order to give teachers the means, including subject matter knowledge and pedagogy skills, and to give principals the instructional leadership skills to help teachers, to provide students with the opportunity to meet California's academic content standards. This needs assessment was conducted with the involvement of teachers, including teachers participating in programs under Part A of Title I.
- The LEA will assure compliance with the requirements of professional development as defined in section 9101 (34).

TITLE II, PART D

35. The LEA has an updated, local, long-range, strategic, educational technology plan in place that includes the following:

- Strategies for using technology to improve academic achievement and teacher effectiveness.
- Goals aligned with challenging state standards for using advanced technology to improve student academic achievement.
- Steps the applicant will take to ensure that all students and teachers have increased access to technology and to help ensure that teachers are prepared to integrate technology effectively into curricula and instruction.
- Promotion of curricula and teaching strategies that integrate technology, are based on a review of relevant research, and lead to improvements in student academic achievement.
- Ongoing, sustained professional development for teachers, principals, administrators, and school library media personnel to further the effective use of technology in the classroom or library media center.

- A description of the type and costs of technology to be acquired with Ed Tech funds, including provisions for interoperability of components.
 - A description of how the applicant will coordinate activities funded through the Ed Tech program with technology-related activities supported with funds from other sources.
 - A description of how the applicant will integrate technology into curricula and instruction, and a timeline for this integration.
 - Innovative delivery strategies – a description of how the applicant will encourage the development and use of innovative strategies for the delivery of specialized or rigorous courses and curricula through the use of technology, including distance learning technologies, particularly in areas that would not otherwise have access to such courses or curricula due to geographical distances or insufficient resources.
 - A description of how the applicant will use technology effectively to promote parental involvement and increase communication with parents.
 - Collaboration with adult literacy service providers.
 - Accountability measures – a description of the process and accountability measures that the applicant will use to evaluate the extent to which activities funded under the program are effective in integrating technology into curricula and instruction, increasing the ability of teachers to teach, and enabling student to reach challenging state academic standards.
 - Supporting resources – a description of the supporting resources, such as services, software, other electronically delivered learning materials, and print resources that will be acquired to ensure successful and effective uses of technology.
36. The LEA must use a minimum of 25 percent of their funds to provide ongoing, sustained, and intensive high quality professional development in the integration of advanced technology into curricula and instruction and in using those technologies to create new learning environments.
37. **Any LEA that does not receive services at discount rates under section 254(h)(5) of the Communications Act of 1934 (47 U.S.C. 254(h)(5)) hereby assures the SEA** that the LEA will not use any Title II, Part D funds to purchase computers used to access the Internet, or to pay for direct costs associated with accessing the Internet, for such school unless the school, school board, local educational agency, or other authority with responsibility for administration of such school:
- has in place a policy of Internet safety for minors that includes the operation of a technology protection measure with respect to any of its computers with Internet access that protects against access through such computers to visual depictions that are obscene, child pornography, or harmful to minors; and
 - is enforcing the operation of such technology protection measure during any use of such computers by minors; and
 - has in place a policy of Internet safety that includes the operation of a technology protection measure with respect to any of its computers with Internet access that protects against access through such computers to visual depictions that are obscene or child pornography, and is enforcing the operation of such technology protection measure during any use of such computers.
 - Any LEA that does receive such discount rates hereby assures the SEA that it will have in place a policy of Internet safety for minors required by Federal or State law.

TITLE III

38. The LEA assures that it consulted with teachers, researchers, school administrators, parents, and, if appropriate, with education-related community groups, nonprofit organizations, and institutions of higher education in developing the LEA Plan.
39. The LEA will hold elementary and secondary schools accountable for increasing English language proficiency and for LEP subgroups making adequate yearly progress.
40. The LEA is complying with Section 3302 prior to, and throughout, each school year.
41. The LEA annually will assess the English proficiency of all students with limited English proficiency participating in programs funded under this part.
42. The LEA has based its proposed plan on scientifically based research on teaching limited-English-proficient students.
43. The LEA ensures that the programs will enable to speak, read, write, and comprehend the English language and meet challenging State academic content and student academic achievement standards.
44. The LEA is not in violation of any State law, including State constitutional law, regarding the education of limited-English-proficient students, consistent with Sections 3126 and 3127.

TITLE IV, PART A

45. The LEA assures that it has developed its application through timely and meaningful consultation with State and local government representatives, representatives of schools to be served (including private schools), teachers and other staff, parents, students, community-based organizations, and others with relevant and demonstrated expertise in drug and violence prevention activities (such as medical, mental health, and law enforcement professionals).
46. The activities or programs to be funded comply with the principles of effectiveness described in section 4115(a) and foster a safe and drug-free learning environment that supports academic achievement.
47. The LEA assures that funds under this subpart will be used to increase the level of State, local, and other non-Federal funds that would, in the absence of funds under this subpart, be made available for programs and activities authorized under this subpart, and in no case supplant such State, local, and other non-Federal funds.
48. Drug and violence prevention programs supported under this subpart convey a clear and consistent message that acts of violence and the illegal use of drugs are wrong and harmful.
49. The LEA has, or the schools to be served have, a plan for keeping schools safe and drug-free that includes:
 - Appropriate and effective school discipline policies that prohibit disorderly conduct, the illegal possession of weapons, and the illegal use, possession, distribution, and sale of tobacco, alcohol, and other drugs by students.

- Security procedures at school and while students are on the way to and from school.
- Prevention activities that are designed to create and maintain safe, disciplined, and drug-free environments.
- A crisis management plan for responding to violent or traumatic incidents on school grounds.
- A code of conduct policy for all students that clearly states the responsibilities of students, teachers, and administrators in maintaining a classroom environment that:
 - Allows a teacher to communicate effectively with all students in the class.
 - Allows all students in the class to learn.
 - Has consequences that are fair, and developmentally appropriate.
 - Considers the student and the circumstances of the situation.
 - Is enforced accordingly.

50. The application and any waiver request under section 4115(a)(3) (to allow innovative activities or programs that demonstrate substantial likelihood of success) will be available for public review after submission of the application.

TITLE IV, PART A, SUBPART 3

51. The LEA assures that it has, in effect, a written policy providing for the suspension from school for a period of not less than one year of any student who is determined to have brought a firearm to school or who possesses a firearm at school and the referral of a student who has brought a weapon or firearm to the criminal or juvenile justice system. Such a policy may allow the Superintendent to modify such suspension requirement for a student on a case-by-case basis.

TITLE V, PART A

52. The LEA has provided, in the allocation of funds for the assistance authorized by this part and in the planning, design, and implementation of such innovative assistance programs, for systematic consultation with parents of children attending elementary schools and secondary schools in the area served by the LEA, with teachers and administrative personnel in such schools, and with such other groups involved in the implementation of this part (such as librarians, school counselors, and other pupil services personnel) as may be considered appropriate by the LEA.

53. The LEA will comply with this Part, including the provisions of section 5142 concerning the participation of children enrolled in private nonprofit schools.

54. The LEA will keep such records, and provide such information to the SEA, as may be reasonably required for fiscal audit and program evaluation.

55. The LEA will annually evaluate the programs carried out under this Part, and that evaluation:

- will be used to make decisions about appropriate changes in programs for the subsequent year;

- will describe how assistance under this part affected student academic achievement and will include, at a minimum, information and data on the use of funds, the types of services furnished, and the students served under this part; and
- will be submitted to the SEA at the time and in the manner requested by the SEA.

New LEAP Assurances

56. Uniform Management Information and Reporting System: the LEA assures that it will provide to the California Department of Education (CDE) information for the uniform management information and reporting system required by No Child Left Behind, Title IV in the format prescribed by CDE. That information will include:

- (i) truancy rates;
- (ii) the frequency, seriousness, and incidence of violence and drug-related offenses resulting in suspensions and expulsions in elementary schools and secondary schools in the State;
- (iii) the types of curricula, programs, and services provided by the chief executive officer, the State educational agency, local educational agencies, and other recipients of funds under this subpart; and
- (iv) the incidence and prevalence, age of onset, perception of health risk, and perception of social disapproval of drug use and violence by youth in schools and communities. (Section 4112, General Provisions, Title IV, Part A, PL 107-110)

57. Unsafe School Choice Policy: the LEA assures that it will establish and implement a policy requiring that a student attending a persistently dangerous public elementary school or secondary school, as determined by the State, or who becomes a victim of a violent criminal offense, as determined by State law, while in or on the grounds of a public elementary school or secondary school that the student attends, be allowed to attend a safe public elementary or secondary school within the local educational agency, including a public charter school. The LEA will submit on a format to be designated by CDE the information the state requires to complete annual federal reporting requirements on the number of schools that have been designated “persistently dangerous” in accordance with California State Board of Education policy. (Section 9532, General Provisions, Title IX, PL 107-110.)

Other

58. The LEA assures that a minimum of 95% of all students and a minimum number of students in each subgroup (at both the school and district levels) will participate in the state’s assessments program.

APPENDIX A

On May 30, 2002, the California State Board of Education (SBE) adopted the five goals and 12 performance indicators for No Child Left Behind, as set forth in the Federal Register Notice of May 22, 2002. The SBE's adoption of the specified goals and performance indicators represents California's commitment to the development of an accountability system to achieve the goals of NCLB.

Collectively, NCLB's goals, performance indicators, and performance targets constitute California's framework for ESEA *accountability*. The framework provides the basis for the state's improvement efforts, informing policy decisions by the SBE and implementation efforts by the California Department of Education (CDE) to fully realize the system envisioned by NCLB; it also provides a basis for coordination with the State Legislature and the Governor's Office.

California's NCLB Performance Goals and Performance Indicators

Performance Goal 1: *All students will reach high standards, at a minimum attaining proficiency or better in reading and mathematics, by 2013-2014.*

- 1.1 **Performance indicator:** The percentage of students, in the aggregate and for each subgroup, who are above the proficient level in reading on the State's assessment. (These subgroups are those for which the ESEA requires State reporting, as identified in section 1111(h)(1)(C)(i).)
- 1.2 **Performance indicator:** The percentage of students, in the aggregate and in each subgroup, who are at or above the proficient level in mathematics on the State's assessment. (These subgroups are those for which the ESEA requires State reporting, as identified in section 1111(h)(C)(i).)
- 1.3 **Performance indicator:** The percentage of Title I schools that make adequate yearly progress.

Performance Goal 2: *All limited-English-proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.*

- 2.1. **Performance indicator:** The percentage of limited-English-proficient Students, determined by cohort, who have attained English proficiency by the end of the school year.
- 2.2 **Performance indicator:** The percentage of limited-English-proficient students who are at or above the proficient level in reading/language arts on the State's assessment, as reported for performance indicator 1.1.

- 2.3 **Performance indicator:** The percentage of limited-English-proficient students who are at or above the proficient level in mathematics on the State’s assessment, as reported for performance indicator 1.2.

Performance Goal 3: *By 2005-2006, all students will be taught by highly qualified teachers.*

- 3.1 **Performance indicator:** The percentage of classes being taught by “highly qualified” teachers (as the term is defined in section 9101(23) of the ESEA), in the aggregate and in “high-poverty” schools (as the term is defined in section 1111(h)(1)(C)(viii) of the ESEA).
- 3.2 **Performance indicator:** The percentage of teachers receiving high-quality professional development. (See definition of “professional development” in section 9101(34).)
- 3.3 **Performance indicator:** The percentage of paraprofessionals (excluding those with sole duties as translators and parent involvement assistants) who are qualified. (See criteria in section 1119(c) and (d).)

Performance Goal 4: *All students will be educated in learning environments that are safe, drug free, and conducive to learning.*

- 4.1 **Performance indicator:** The percentage of persistently dangerous schools, as defined by the State.

Performance Goal 5: *All students will graduate from high school.*

- 5.1 **Performance indicator:** The percentage of students who graduate from high school, with a regular diploma:
- disaggregated by race, ethnicity, gender, disability status, migrant status, English proficiency, and status as economically disadvantaged; and,
 - calculated in the same manner as used in National Center for Education Statistics reports on Common Core of Data.
- 5.2 **Performance indicator:** The percentage of students who drop out of school:
- disaggregated by race, ethnicity, gender, disability status, migrant status, English proficiency, and status as economically disadvantaged; and
 - calculated in the same manner as used in National Center for Education Statistics reports on Common Core of Data.

Science-Based Programs

Science-based research has provided evidence of effectiveness for the following school-based prevention programs. Each of the listed programs have been identified as a research-validated, exemplary, or model program by one or more of the following agencies: The California Healthy Kids Resource Center, the Center for Substance Abuse Prevention, United States Department of Education's Expert Panel, or the University of Colorado's Center for the Study and Prevention of Violence. Some of these programs are also discussed in the California Department of Education's publication Getting Results. Websites where additional information can be found about each program's description, target population, and outcomes are listed below.
