Principal's Message

It is our pleasure to welcome you to Valley View Elementary School, home of the Mustangs, and our vibrant community of learners. Valley View is located in the eastern region of Pleasanton and serves students in transitional kindergarten through fifth grade following a traditional calendar. At the beginning of the 2014-15 school year, 664 students were enrolled; including English Learners (30%), Low Socio-Economic status students (23%), and Students With Disabilities (7%). The English Only and Spanish Dual Immersion programs each serve approximately half our school's population, and are strongly committed to equitable learning, academic excellence, and social development for all students. We evaluate the student work and instructional delivery systems from these programs in alignment with the California state standards and frameworks, and state compliance criteria.

Honored in 2003 with the CAFE (California Association of Bilingual Education) Seal of Excellence and in 2006 as a California Distinguished School, Valley View continues to stand out as a school that is student-centered focused on academic achievement for all children. Our dedicated staff continually reassesses our academic outcomes and refines our teaching and learning practices around student success.

Valley View and all schools in Pleasanton Unified set very high expectations for student achievement and continue to implement Best Practices in Teaching as we move forward to the full implementation of the Common Core State Standards (CCSS). The Common Core aims to prepare all students for college and career readiness and as 21st Century Learners who will think critically and at deeper levels, and collaborate with others to become resourceful, responsible, and engaged world citizens. Valley View Mustangs will "Make a Better World!"

Our faculty, English Learners Advisory Committee (ELAC), School Site Council (SSC) comprised of teachers, staff, and parents; regularly reviews site assessment data to develop the Single Plan for Student Achievement (SPSA) each year. Our main focus this year will be equity for all learners and the narrowing of the achievement gap that exists for our diverse student population.

Our school community benefits from active parent and community participation in regular and extracurricular school activities. Many other positive school activities rely and depend on parent volunteers who help with school fairs, school beautification projects, and other special events. Valley View's PTA coordinates year-round fundraising to foster school and community efforts that support powerful teaching and learning. Friends and families are always invited to become active members of Valley View's Community of Learners. It is with that same enthusiasm and pride that we say to you, "Welcome to the View!"

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at PH: (925) 426-4231 FAX: (925) 426-0731 or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

All textbooks used in the core curriculum at Valley View Elementary School are currently being aligned to the Common Core State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Tuesday, November 18, 2014, the Pleasanton Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution 2014-2015.08 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2014-15 school year, Pleasanton Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Valley View Elementary School's original facilities were built in 1960; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

- Minor asphalt repairs
- Added gates in driveway for site security.

One day custodian and one evening custodian are assigned to Valley View Elementary School. The day custodian is responsible for:

- Classroom cleaning
- Cafeteria setup/cleanup
- Groundskeeping
- Office area cleaning
- Restroom cleaning

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning
- Vacuuming

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Deferred Maintenance

Valley View Elementary School participates in the State School Deferred Maintenance Program, which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems.

Facilities Inspection

The district's maintenance department inspects Valley View Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Valley View Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. No emergency repairs were needed and no unsafe conditions were found. During fiscal year 2014-15, all restrooms were fully functional and available for student use.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through flyers, the school marquee, the school website, teacher newsletters, the Mustang Newsletter, E-Connection, teacher websites, and various school events. Contact the PTA President, Todd Carnahan at (925) 426-4231 for more information on how to become involved in your child's education.

Opportunities to Volunteer:

- Chaperone Field Trips
- Reading Tutors
- PTA Volunteer
- Classroom Volunteer
- Special Events
- Lunch Supervision

Committees:

- English Learner Advisory Council (ELAC)
- Parent Teacher Association (PTA)
- School Site Council (SSC)
- School Smarts Parent Academy
- School Wellness Committee

School Activities:

- Back to School Night
- Book Fairs
- Breakfast Book Club
- Chess Club
- Family Science Night
- Halloween Parade

- Math Olympiad
- Mileage Club
- Monthly Flag Salutes
- Multicultural Fair
- Outdoor Education Week
- Red Ribbon Week
- School Garden
- Science Fun Fair
- Talent Show
- 40 Developmental Assets

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

School Safety Plan

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Valley View Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in February 2015

Professional Development provided for Teachers

All training and curriculum development activities at Valley View Elementary School revolve around the Common Core State Standards. During the 2014-15 school year, Valley View Elementary School held staff development devoted to:

- The Achievement Gap (Diversity and Equity for all Learners)
- Writing Instruction
- Test-Taking Strategies
- Mathematics and Technology
- Student Wellness Programs
- Safe School Planning
- Soul Shoppe Inservice and Assemblies
- English Language Development (ELD)
- Transition to Common Core State Standards (CCSS)
- Treasures/Tesoros Language Arts Adoption
- Envision Mathematics Adoption
- Smarter Balanced Assessments Consortium (SBAC)
- Google Applications Workshop
- Engage NY Math Workshops
- Instructional Rounds/T

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input, district benchmark results, and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Valley View Elementary School supports ongoing professional growth throughout the year on minimum days and District Office staff development days. Teachers meet in grade level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2014-15 school year, Valley View Elementary School's teachers attended the following events hosted by the Pleasanton Unified School District:

- Growing Readers in the 21st Century
- Supporting Students Through the SIP Process
- Lucy Calkins - Informational Writing
- Common Core State Standards
- SMART Boards
- Bridging the Achievement Gap Using SMART Technologies and Treasures/Tesoros
- Setting Measurable Goals for Struggling Readers
- Implementing iCommunication in the Classroom
- Special Education Job Alike
- Pearson Online Learning Exchange (OLE)
- Getting Started with Google Sites
- Technical Writing for Science Class
- Greater Good Summer Institute for Educators
- Learning Circles Seminar Series
- CHSSP (California History/Social Studies Project)
- Google in Education California Summit

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.)

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
