The following two proposals will be addressed as first reading at the next Los Angeles City Section Board of Managers Meeting to be held April 4, 2017, 8:00 AM, at Belmont High School-

- **Proposed revision of language of Bylaw 1308, Required Supervision at all athletic events.**
  This proposal would require principals to ensure that their interscholastic athletic events are supervised by other than the coach of the sport. Working with host sites to determine the needs, and confirming each schools obligation based on State Education Code, and District or Charter safety policies.

- **Proposed revision of language of Bylaw 1306-3 to require officials for all interscholastic contest.**
  It is being proposed that all games and all levels of play be required to have certified officials at all contest.

The following will be included in the action items of the Board of Managers meeting agenda (to be voted upon)-

- A new Bylaw to allow sports advisories to determine if their sport wishes to offer an Open Division for playoffs. Football and Tennis are currently requesting to include an Open Division for the 2017 season.

- A new Bylaw proposed to allow for player substitution during a team tennis match.

**Commissioner’s Desk**

Cross Country coaches Jelerine Venadas-Douglas of USC-MAE and Bruce Thomson of San Pedro were named the LA City Section Model Coach Winners for 2016-17.

The CIF Model Coach Award program is designed to recognize coaches who have served as positive role models in their schools and communities, and who have exhibited the traits apparent in the 16 principles of Pursuing Victory with Honor.

Venadas-Douglas is the cross country coach at USC-MAE leading the Trojans to Division V City titles for boys & girls this past fall. Thomson serves as cross country and track & field coach for the Pirates. He has been a pillar of excellence for many years in the San Pedro community.

Congrats to Wes Bateman, Reseda High School softball and volleyball coach. He has been selected as a National winner of the PCA Double-Goal coach award. Celebrating positive coaches focusing on winning and teaching life lessons.

SUGAR ENERGIZES YOUR GAME

SUGAR = CARBS FOR FUEL

And that’s exactly why Gatorade® Thirst Quencher is specially formulated with 21g of fast-absorbing carbs per 12 ounces of fluid. It’s the boost your body needs when you need to give it your all.

WHY
The glucose and sucrose fuel your muscles and mind.

WHEN
From start to finish, sugar helps you stay energized throughout activity so you can play your best.

HOW MUCH
The recommended amount of sugar for athletes is 30-60g per hour of activity. That’s why every bottle of Gatorade® Thirst Quencher is formulated to help deliver the proper carb intake, plus the fluids to help support hydration.

# Keep Them Hydrated, Keep Them Safe

## 5 Tips to Help Athletes Stay Hydrated

### Tip 1: Keep Hydration Top of Mind
- Remind athletes to check their urine color before practice. If it’s the color of pale lemonade, that’s a sign of being hydrated.
- Take weather into account and give athletes opportunities to drink during practice.
- Teach athletes to pay attention to how they feel, including their thirst and energy levels.

### Tip 2: Keep Fluid Levels Up
- Athletes should drink enough fluid to maintain hydration without over-drinking.
- Flavored, cold, lightly salted sports drinks like Gatorade® Thirst Quencher are important, because sodium helps maintain the athletes’ desire to drink and retain the fluid consumed.

### Tip 3: Keep the Body Cool
- Remind athletes to drink cool fluids to help maintain their body temperature.
- If your athletes experience heat illness, help them lower their body temperature by lying in a cool place with their legs elevated, applying cool, wet towels to their body and drinking cool fluids.

### Tip 4: Keep Hydrated Before, During and After Activity
- Athletes need to think about their entire athletic schedule when it comes to fueling (not just when they are competing).
- Encourage them to drink plenty of fluids throughout the day to replace the fluids lost through sweat.

### Tip 5: Keep a Recovery Schedule
- Rest and recovery are an essential part of avoiding heat illness.
- Ensure your athletes have times for breaks during practices.
- Encourage athletes to get 6-8 hours of sleep each night in a cool environment, if possible.

## The Effects of Dehydration:
- Decreased performance
- Decreased mental function
- Decreased motor skills
- Decreased fluid absorption
- Decreased tolerance to heat

## The Symptoms of Dehydration:
- Nausea
- Headache
- Weakness
- Fatigue/Exhaustion
- Light-headedness
- Vomiting
- Fainting
- Poor Concentration/Altered Mental Status
- Loss of Muscle Coordination/Decreased Performance
