

Instruction**STANDARDIZED TESTING AND REPORTING PROGRAM**

The Governing Board desires to use the results of the achievement tests to evaluate the performance of district students in achieving state academic standards and in comparison to the performance of students across the state. The Superintendent or designee shall administer mandatory student assessments within the state Standardized Testing and Reporting (STAR) Program as required by law and in accordance with Board policy and administrative regulation.

(cf. 6162.5 - Student Assessment)
(cf. 6162.54 - Test Integrity/Test Preparation)

The Board strongly encourages all students at the applicable grade levels to participate in the STAR assessments in order to maximize the usefulness of the data and enable the district to meet participation levels required for state and federal accountability systems. The Superintendent or designee shall notify students and parents/guardians about the importance of these assessments and shall develop strategies to encourage student participation. Students shall be exempted from participation only in accordance with law and administrative regulation.

(cf. 0520.2 - Title I Program Improvement Schools)
(cf. 0520.3 - Title I Program Improvement Districts)
(cf. 6011 - Academic Standards)

The Board shall annually examine STAR results by school, grade level, and student subgroup in the Board's discussion of each school's ranking on the statewide Academic Performance Index. If the STAR performance level of the school is below the Board's established expectations, the Board may conduct an assessment of the reasons for the performance results and may adopt a performance improvement plan in accordance with Education Code 52056.

(cf. 0500 - Accountability)
