

Milton Town School District

Policy

H101: WALL OF HONOR

The Milton Board of School Trustees hereby establishes the Wall of Honor criteria for consideration of nominees:

1. The individual must have given a significant contribution as an educational leader in the Milton Town School District or Community Service provider.
2. The individual must have established unique standards of excellence in his/her career which serve as extraordinary examples and/or goals for others to achieve.
3. The individual must have displayed honesty, integrity and exceptional service.
4. No more than two nominees per year.
5. When an individual is placed in nomination before the Milton School Trustees through a nomination petition supported by three written references addressing honesty, integrity, exceptional service and example of commitment to the District, the Trustees shall appoint an impartial selection committee consisting of one Trustee, one teacher, and 2-3 Milton residents.
6. Nominations will be due by April 1 each year. This will enable the Committee to review the packages and make recommendations to the Trustees for approval in a timely manner prior to the end of the school year. This committee shall review the nominee(s) and make the recommendation to the Trustees.
7. The Trustees shall vote on the nominations.
8. The approved nominees will then be honored by having a plaque dedicated to them at the Milton Elementary School. The dedications may then be made at an appropriate school function, such as a board meeting or graduation ceremonies.
9. The method of recognition recommended is in the form of a Wall of Honor. Each year those people approved would be added to the wall. The Superintendent is responsible for publicizing the procedure each year.
