Interior Design

WHAT COURSE SHOULD I TAKE?

Do you enjoy decorating your bedroom or other rooms in your home? Do you like to draw and work with projects? You might be interested in an endorsement in Business and Industry with a focus on Interior Design, which can help prepare you for a career in Interior Design.

CONCEPTS OF ENGINEERING

1 Credit Grades 9 – 12

Prerequisites: None

Concepts of Engineering and Technology provides an overview of the various fields of science, technology, engineering, and mathematics and their interrelationships. Students will use a variety of computer hardware and software applications to complete assignments and projects. Upon completing this course, students will have an understanding of the various fields and will be able to make informed decisions regarding a coherent sequence of subsequent courses. Further, students will have worked on a design team to develop a product or system. Students will use multiple software applications to prepare and present course assignments.

INTERIOR DESIGN

1 Credit Grades 10-12

Prerequisites: Concepts of Engineering or Art

Interior Design is a technical course that addresses psychological, physiological and sociological needs of individuals by enhancing the environment in which they live and work. Individuals use knowledge and skills related to interior and exterior environments, construction, and furnishings to make wise consumer decisions, increase productivity, and compete in industry.

ADVANCED INTERIOR DESIGN

1 - 3 Credits Grades 11-12

Prerequisites: Principles of Human Services and Interior Design

Advanced Interior Design is a technical laboratory course that includes the knowledge of the employability characteristics, principles, processes, technologies, communication, tools, equipment, and materials related to interior spatial design.

STUDENT ORGANIZATION:

Family, Career and Community Leaders of America is a nonprofit national career and technical student organization for young men and women in Family and Consumer Sciences education in public and private school through grade 12. Everyone is part of a family, and FCCLA is the only national Career and Technical Student Organization with the family as its central focus. Since 1945, FCCLA members have been making a difference in their families, careers, and communities by addressing important personal, work, and societal issues through Family and Consumer Sciences education.

Today 200,000 members in more than 5,500 chapters are active in a network of associations in 50 states, including the Virgin Islands and Puerto Rico. Chapter projects focus on a variety of youth concerns, including teen pregnancy, parenting, family relationships, substance abuse, peer pressure, environment, nutrition and fitness, teen violence, and career exploration. Involvement in FCCLA offers members the opportunity to expand their leadership potential and develop skills for life -- planning, goal setting, problem solving, decision making, and interpersonal communication -- necessary in the home and workplace.
