

# MEET THE COUNSELOR!

## My Beliefs!

- The counselor should help create a positive school atmosphere; encouraging the success of every student.
- Proactive academic and social attention given to students now can help prevent problems in the future.
- Every student regardless of race, socio-economic background, cultural or religious beliefs can and should leave our system prepared and college or career ready!!!
- Students should feel protected, supported and respected while at school!!

## My Background!

I have been in education for more than 18 years!! I have been a fourth and fifth grade classroom teacher as well as a math interventionist, and a Title 1 teacher.

I am the single mother of three super kids whom I love to spend time with and support in all they do!!!

## Counseling Services!

- Whole Group Guidance- I will meet with each class once a month to deliver lessons dealing with social, academic, and college-career ready topics
- Small Group Guidance- I will meet with small groups covering topics relevant to each member of the group
- Individual- I will meet individually with students on a responsive or referral basis
- School-wide- I will schedule events through out the year to encourage parental involvement, encourage academic success, and promote issues that are important to us all.

## My Education!

In April of 2004, I graduated with a Bachelors of Science in Elementary Education K-6 from Jacksonville State University. Recently I graduated from Jacksonville State again, but this time with a Master's Degree in School Counseling! It wasn't easy but I'm so glad I made it!!

## Contact Me!
