About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. All data are reported for the 2012-13 school-year, unless otherwise indicated. For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at www.cde.ca.gov/ta/ac/sa/. For additional information about this school, please contact the school administration at (714) 962-7738.

Vision

Isaac L. Sowers students will experience an academically challenging and supporting learning environment which promotes the realization of all students' full potential.

Beliefs

Our dedicated and knowledgeable staff recognizes the developmental uniqueness of the middle school child and demonstrates a commitment to foster the conditions necessary for student achievement. School personnel model the qualities and characteristics they expect to instill in students.

Nurturing Learning Environment is one that is inviting, safe, and purposeful which is conducive to learning. Parents and staff will work together to provide students with the time, support, and encouragement they need to achieve.

Supportive Structure and Schedule - We are organized to promote meaningful professional collaboration with a focus on learning and providing access for all students. Teams are viewed as the building blocks for a strong Professional Learning Community. We place a high priority on protecting instructional and collaborative planning time, maintaining reasonable class size and providing supportive student services during the regular school day.

Standards-based Curriculum - We will provide a core curriculum that can be enriched, extended, or differentiated to meet the individual learning needs of students. Education in the fine and practical arts, physical education, and language are valued as integral parts of the instructional program. We will provide a standards-based learning environment which clearly establishes criterion for subject mastery and identifies what students will know and be able to do as a result of completing the instructional program. The scope and sequence of the curriculum will reflect a continuum of offerings that challenge all students.

Focus on Best Practices of Instruction - We will develop and implement a wide array of strategies to optimize student learning. Technology will be integrated into the instructional process as a means to achieve specific curricular outcomes. We value an ongoing process of vertical articulation between elementary and high school colleagues to ensure a continuum of instruction.

Clarity of Assessment Goals and Practices (Progress Indicators) - We will employ a variety of methods to measure the learning progress of every student. Teachers, in collaboration with their department, will develop consistent grading practices in support of the instructional program. Assessment information will be used to guide the learning process, refine instructional plans, and inform parents of their child's academic progress.

Emphasis on Active Participation - We will promote active student participation in co-curricular programs. The middle school years offer students their first real opportunity to enjoy a range of extracurricular activities, engage in exploratory study, and participate in the performing arts. We recognize the potential of these programs to enhance the health and fitness of young adolescents, improve academic performance, and build positive links between school, families, and the local community.

Sowers Middle School opened in 1972, as a 6th through 8th grade middle school. The school is located in a city characterized by miles of beautiful Pacific shoreline, bicycle paths, parks, and an ecological preserve. Sowers is one of two middle schools and seven elementary schools serving over six thousand students in Huntington Beach. The school facility is attractive, well-maintained, and situated in a residential area adjacent to a park. There are 43 classrooms which are allocated for general, elective, and special education classes and support services. The school also offers a Multipurpose Room, known as the Little Theater (room 402), and separate boys and girls Physical Education locker rooms. Assemblies, student programs, and large activities are conducted in a spacious interior school mall complete with stage and sound system. Technologically, Sowers is fully networked in all classrooms with both hardwired and wireless networking capabilities.

Sowers Middle School faces many of the same challenges and opportunities confronting schools throughout Southern California. Sowers offers a rich elective program along with school clubs, committees and activity groups for students to join. In addition, pyramids of intervention classes have been designed to help students experiencing difficulty at school find success. Sowers Middle School also offers a GATE program in the CORE areas of Language Arts and Social Studies, as well as, a well designed special education program comprised of special education services along a continuum of support, including co-teaching with one special education and one general education teacher in CORE classes (ELA/Social Studies), two special day classes, guided support in math and our Voyager program for students with needs in socialization. Our math program provides leveled math curriculum with the opportunity for students to take Geometry here at Sowers or more advanced classes in a cooperative program offered by Edison High School.

A talented and enthusiastic staff makes Sowers Middle School a school where students take pride in learning and growing socially. Parents feel supported and teachers have the tools to help their students learn. Our instructional teams, work collaboratively, under the construct of Professional Learning Communities (PLC's), to develop and implement programs which motivate, and engage all learners. Our teachers care deeply about all aspects of the school program, participate in shared decision-making, and engage in professional development activities to build skills to meet students' needs, understand the uniqueness of the middle school child, and perform with distinction. Our support staff are personnel who work together to nurture the intellectual, physical and emotional capacities of each child. Sowers staff members are well trained, experienced, and are enthusiastic about meeting student needs. Our Student Body of approximately 1200 regular and special education students represent a cross section of cultural, racial, and ethnic backgrounds, as well as an array of ability levels from the learning handicapped to the intellectually gifted. The virtues of mutual respect and recognition of personal dignity are fostered and nurtured by students and staff. The contributions, achievements, and progress of ALL students are valued and respected. Parents and community are part of the Sowers learning community and are welcomed as volunteers in school, speakers, committee members, through financial aid and support, PTSA, School Site Council, and English Learners Advisory Committee and all are vital to the success of our educational program.

Opportunities for Parental Involvement

School categorical funding including SIP, EIA/LEP and Special Education are resources which are allocated to the support of under performing students. Our PTSA provides monetary support of individual classroom and school-wide instructional materials and programs. Teachers as well as students from the local high school and universities are available to provide additional support to at-risk students. Community organizations and resources provide additional support to our school and families. These resources include: the Regional Center of Orange County, the Parent Empowerment Academy and the Huntington Beach Libraries, as well as the Outreach Counseling program.

All opportunities are offered to parents in PTSA, Site Council, ELAC, DAC, School Committees or by informal invitations through School Loop or school-wide phone calls. In reviewing data with staff and parents, there is a strong commitment to on-going and continued improvement of our students' performance. Parents are proud of the growth Sowers has made in the past, and it is a priority that we focus on improvement to remain a high-performing school. At the end of the 2012 school year, the district completed a comprehensive survey for all schools. The survey included questions on program, environment, and academics. It also allowed for parents to provide additional feedback. The data from this survey was disseminated to school leadership teams to use for program changes. Feedback for Sowers was positive.

School Safety Plan

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

Safety

Many people visit the campus to volunteer in the classroom and participate in school events. Parents and visitors are welcomed and required to check in at the school office upon arrival and obtain a visitors badge; visitors are required to return to the school office upon departure. Visits are restricted at certain times of the year to minimize classroom disruption during activities such as STAR testing. During lunch and before and after school, playground supervisors, teachers, and administrators supervise students and monitor the campus to ensure a safe and orderly environment. As a proactive measure, the school installed a 17 closed-circuit camera security system. The Comprehensive Safe School Plan was developed by the district to comply with Senate Bill 187 (SB 187) of 1997. The plan provides students and staff a means of ensuring a safe and orderly learning environment. Each school includes the following requirements of SB 187 within their safe school plans: current status of school crime; child abuse reporting procedures; disaster procedures, routine and emergency; policies related to suspension and expulsion; notification to teachers; sexual harassment policy; provision of a school-wide dress code; safe ingress and egress of pupils, parents, and school employees; safe and orderly school environment; and school rules and procedures. The school evaluates the plan annually and updates it as needed and involves outside agencies such as Huntington Beach Police Department and HB Fire Department to coordinate safety practices and inspections. Safety procedures, including elements of the Safe School Plan, are reviewed with school and district staff in the fall, at the start of each school year. The district progressively addresses structural needs at each school to ensure facilities are safe and comply with education codes as well as building and safety regulations.

School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

Year and month in which data were collected: August 27, 2013

Sowers Middle School, built in 1971, consists of a main building with five pods including administrative offices, library, stage, multipurpose room, a mall/cafe area, locker rooms and 28 classrooms. The site also has 14 portable classrooms added during the 1990's.

This site has a solar array along the athletic fields in the back of the school that provides a shaded area for students and the site has been retrofit with energy efficient interior and exterior lighting.

Improvements during 2012-13 included new carpet in nine portable classrooms, new floor tile in two student restrooms, painting of all exterior doors and mall walls, major roof maintenance on seven portable classrooms, and removal of large exterior metal dust collector.

Facilities are inspected continuously by custodial and maintenance personnel and work orders are submitted as needed.

School Facility Good Repair Status (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period.

All training and curriculum development at Sowers Middle School revolves around the California State Content Standards and Frameworks. Teachers align classroom curriculum to ensure that all students either meet or exceed state proficiency levels.

Huntington Beach City School District regularly collaborates with all levels of district and school site staff when developing professional development activities in alignment with the No Child Left Behind Improving Teacher Quality Expectations. Instructional program improvement is driven by student needs and guided by state standards and frameworks. District and school administrators use site trend analyses, state testing, district-level assessments, teacher response, and administrator observations to identify more effective methods and strategies to achieve positive results for teachers and students.

The Assistant Superintendent of Educational Services and principals meet monthly to analyze current instructional programs, instructional materials, implementation timelines, and student achievement. Feedback is gathered at the site level through direct input and staff observation.

The Sowers Middle School staff is continually involved in a process of curriculum development and staff training. District goals and objectives, constructed in keeping with state frameworks, are used to set achievable benchmarks. Each content area, PLC, meets monthly to assess and refine its educational goals.

Individual departments, the Leadership Team, the principal, and the School Site Council continually monitor the school plan. A major component of the school plan is staff development. As needs are identified, training sessions are developed, in keeping with district direction, state frameworks, and recommended curricula.

Training topics cover Thinking Maps, Path to Proficiency for English Learners, technology (document camera) training, differentiated instruction, student data interpretation. Throughout the 2012-2013 school year, teachers met with the high school district to improve articulation in preparing students for high school and beyond. Staff also received training on Common Core State Standards, special education, safety, and health.

Teachers new to the profession are supported by peer coaching and are encouraged to attend in-services offered by the West Orange County Consortium for Special Education or education consultants. Teachers are encouraged to attend subject-specific seminars and major conferences and share what they learn with other staff members. The Beginning Teacher Support and Assessment (BTSA) program offers additional support and opportunities to new teachers. The program is designed to assist those new to teaching to expand and deepen their teaching skills, help the school district retain more new teachers, and improve learning opportunities for students.

Classified staff and instructional assistants are provided training and development opportunities at the school, district, and county levels. In-services for classified staff are geared to their specialty areas.

Core Academic Classes Taught by Highly Qualified Teachers

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: www.cde.ca.gov/nclb/sr/tq/

- * **Supplemental/Restricted** expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted.
- * **Basic/Unrestricted** expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending webpage at www.cde.ca.gov/ds/fd/ec/. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits webpage at www.cde.ca.gov/ds/fd/cs/. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: www.ed-data.org.

Types of Services Funded (Fiscal Year 2012-13)

This section provides specific information about the types of programs and services available at the school that support and assists students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

A significant portion of Sowers categorical program budget is allocated for professional development activities to support improved instruction. The district continuously explores ways to increase extended learning opportunities and improve intervention with at-risk students.

Each year a portion of Sowers' School/Library Improvement Block Grant funds are used to enable staff members to attend teaching seminars and other events designed to enhance their teaching techniques and expand their knowledge base. Teachers who are new to the profession are supported by peer coaching and are encouraged to attend in-services. Teachers who attend conferences, seminars, and other events are encouraged to share what they learn with other staff members.

The Beginning Teacher Support and Assessment (BTSA) program offers additional support and opportunities to new teachers. The program is designed to assist those new to teaching to expand and deepen their teaching skills, help the school district retain more new teachers, and improve learning opportunities for students.

Gifted and Talented Education (GATE) Program cluster classes are provided for grades 6 through 8 for GATE identified students.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: October 2013

Pursuant to the settlement of Williams vs. the State of California, Huntington Beach City School District thoroughly inspected each of its school sites at the start of the 2013-14 school year to determine whether or not each school had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment.

All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in core subjects), for use in the classroom. Additionally, all textbooks and instructional materials used within the District must be aligned with the California State Content Standards and frameworks, with final approval by the Board of Education.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics (Math) in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science (H-SS) in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the Percent of Students not tested, see the CDE STAR Results Web site at star.cde.ca.gov.

California Physical Fitness Test Results

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the Percent of Students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT webpage at www.cde.ca.gov/ta/tg/pf/.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at www.cde.ca.gov/ta/ac/ap/.

| API Growth by Student Group – Three-Year Comparison | | | |
|---|-------------------|-------|-------|
| Group | Actual API Change | | |
| | 10-11 | 11-12 | 12-13 |
| All Students at the School | 9 | 3 | 5 |
| Black or African American | | | |
| American Indian or Alaska Native | | | |
| Asian | | | |
| Filipino | | | |
| Hispanic or Latino | -21 | 12 | -18 |
| Native Hawaiian/Pacific Islander | | | |
| White | 16 | 5 | 8 |
| Two or More Races | | | |
| Socioeconomically Disadvantaged | -8 | 43 | 1 |
| English Learners | | | |
| Students with Disabilities | 23 | -24 | -2 |

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

| Academic Performance Index Ranks - Three-Year Comparison | | | |
|--|------|------|------|
| API Rank | 2010 | 2011 | 2012 |
| Statewide | 9 | 9 | 9 |
| Similar Schools | 1 | 2 | 1 |

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

| Indicator | School | District |
|---|--------|-----------|
| Program Improvement Status | | In PI |
| First Year of Program Improvement | | 2012-2013 |
| Year in Program Improvement | | Year 1 |
| Number of Schools Currently in Program Improvement | | 4 |
| Percent of Schools Currently in Program Improvement | | 100.0 |

API Growth by Student Group - 2013 Growth API Comparison

This table displays, by student group, the number of students included in the API and the 2013 Growth API (API-G) at the school, district, and state level.

| Group | School | District | State | |
|----------------------------------|----------|----------|-------|-----------|
| All Students at the School | Students | 1,208 | 5,376 | 4,655,989 |
| | API-G | 887 | 910 | 790 |
| Black or African American | Students | 10 | 27 | 296,463 |
| | API-G | | 878 | 708 |
| American Indian or Alaska Native | Students | 4 | 18 | 30,394 |
| | API-G | | 872 | 743 |

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, can be found at the CDE Adequate Yearly Progress (AYP) webpage at www.cde.ca.gov/ta/ac/ay/.
